FOREWORD

The Kentucky Constitution requires each house of the General Assembly to keep a journal as a public accounting of daily legislative activity. It is the official record of action by the General Assembly.

The *Kentucky Revised Statutes* require the Legislative Research Commission to compare, edit, correct, and publish the journals of each chamber. This is the *House Journal* for the Regular Session of 2000.

The texts of simple and concurrent resolutions appear on first reading or adoption. Appendices contain a list of elected representatives, tables of actions on bills and resolutions, roll call votes, the budget memorandum, and a subject index.

Wilda Bond, Kathy Green, and Stacy Smither prepared the *House Journal* for the 2000 Regular Session. The edited copy and appendices in this volume reflect the cooperative efforts of the LRC Staff.

Governor Paul E. Patton addressed the Joint Session of the General Assembly as follows:

STATE OF THE COMMONWEALTH

BY GOVERNOR PAUL E. PATTON

TUESDAY, JANUARY 4, 2000

Speaker Richards, President Williams and members of the General Assembly, Justice Lambert and members of the Judiciary, Governor Henry and other members of the Executive, distinguished members of Kentucky's congressional delegation, my fellow Kentuckians.

Thank you for the opportunity to appear before you to discuss the state of the Commonwealth.

And I can report to you that in many ways the state of the Commonwealth is good, --- but we're not convened here to glory over the things that are good.

We're assembled in biennial session to address the things that can be made better.

And we certainly have a full plate.

But first let me thank you individually for the kindnesses and courtesies and advice and counsel that you've shown Judi and me and the other members of our administration.

It's been a memorable and productive four years and we're going to work as hard as we know how to work to make these next four even better.

And I want to thank the hundreds and even thousands of state employees who've contributed to the success of our administration and committed their lives to the people of Kentucky.

I admire the professionalism you've shown as you daily go about the business of improving the lives of our people.

I know you're the ones who do the work. You've made our administration what it is. Thank you, I'll always be in your debt.

And members of the General Assembly, I believe as we plan for the state's future, we must make it a priority to treat these employees fairly.

Over the past four years, as our administration has dealt with the issues that have made the headlines, we've also dealt with the issues that make government work, the issues like getting enough patient aides to care for our institutionalized clients.

The 69% turnover rate for these jobs is directly attributable to the fact that the private sector and every state around us pays more, much more; Ohio twice as much.

As we are assembled here tonight, 36% of these positions are vacant.

I could cite similar statistics about other job classifications.

Illinois pays correction officers 49% more than we do. Virginia pays parole officers 58% more. Indiana pays social workers 43% more.

We checked 5 jobs against 6 neighboring states, 30 comparisons; we were competitive in only 3.

As we've analyzed these problems, our attention has been drawn to the state's system of compensating its 35 or so thousand full-time employees.

The more I learn about our system, the more frustrated I become.

It's so structurally flawed and there've been so many attempts to patch it up that it's totally compromised.

Let me cite just a few facts.

18,475 of our employees are holding jobs that are assigned one or more grades lower than they should have, some as many as 5 grades too low.

We have 3,361 employees one or more grades higher than they should be. We have 3,227 employees making more than the maximum wage assigned to their grade!!!!

These last 2 groups I mentioned aren't necessarily overcompensated, in fact most aren't.

It's just that grades and minimums and midpoints and maximums are in some ways meaningless, in others inflexible.

This is a system near the point of collapse. We must address it and we're working hard to develop a proposal that will serve us and our employees better. And we'll be discussing a proposal in the very near future.

But one question we need to address it's why did it happen? Why hasn't someone already been drawing our attention to the problem?

The answer is, many state employees have no voice in Frankfort; at least the prison guard from Eddyville doesn't; the social worker from Covington doesn't; the grader operator from London doesn't.

And giving these people a voice is the reason I support collective bargaining for public employees!!!

I want to make sure that you in the General Assembly and you, the people of Kentucky watching and listening tonight, clearly understand what collective bargaining for public employees is.

It's not forcing anybody to agree to anything. It's not forcing anybody to sign a contract. It's not forcing anybody to raise taxes.

It's about government living by the same rules that government makes private businesses live by. That's the issue!!!!

I'm not saying that any group of public employees in Kentucky needs a union. That's not for me to say. That's their decision. What I am saying is that if a majority of the employees of any public employer want a union, then, just like in the private sector, they ought to have the right to have one!!!

--- and their employer ought to sit down and talk to their representatives about the terms and conditions of their employment and they ought to do it in good faith!!!

That's what our laws make private employers do. And government ought to live by the same rules!!!

Hey, folks, this isn't the end of the world. Thirty states have it including right-to-work states like Florida, Tennessee and Nevada, Iowa and Nebraska.

In fact, Kentucky gives this right to firefighters in our largest cities. If we've given this right to one group of public employees, what's wrong with giving it to all of them?

This is something we need to do and we need to do it this session!!!

While our objective in state government is to address the issues that affect our citizens' lives, to do that efficiently and effectively, we have to have an administrative structure staffed by competent, adequately compensated employees who feel they're appreciated and treated fairly.

Knowing they have a vehicle to address inequities will make them more dedicated to their task!!!

While fair treatment of our employees is essential to our success, we're also here tonight to address issues that directly affect the daily lives of our people.

The four most important issues we'll talk about this session are education; education; education; and education!!!

Let us never ease up in our efforts to improve our common schools; half our budget; the very foundation of our society; the most important task we do as a people. Let's keep up the momentum begun by the Kentucky Education Reform Act!!!

March 29, 1990 was this body's finest hour. That was a day when statesmen and stateswomen took to the floor of these chambers and stood up for the children of Kentucky, the future of Kentucky, without regard for their own political future!

What that legislature and Governor Wilkinson did is still legendary in the minds of the leaders of education in this country because they know how right for children it was and how hard for politicians it was to do. Let us not lose the vision, let us stay the course!!!!

We must continue to provide the financial support necessary to do the job.

I'm proud of the fact that during our watch we have fully funded the transportation element of KERA, we've guaranteed teachers a cost-of-living increment and we've fully funded our technology program, giving Kentucky the most technologically advanced classrooms in the nation!!!

But we must do more!

As a minimum, basic SEEK must get a 2.4% increase. We must fund all the family resource centers envisioned in KERA. We must do more to help our teachers do a better job, a very difficult job, the most important job in Kentucky, and we must do something to reduce dropouts!!!

On another level, we must persevere in our commitment to make postsecondary education an equally high priority.

Let us fulfill the promise we made to the people of Kentucky almost three years ago, when we enacted the Kentucky Postsecondary Education Improvement Act of 1997.

This is the crucial session for that initiative. We've set specific goals for the year 2020. The Council on Postsecondary Education has told us what we need to do this session to keep on track towards those goals.

We have more discussions ahead, but in the end, we must listen to those we instructed to give us the framework to get to where we want to be.

We must fund the Council's final recommendations!!!

And let us not forget the adult Kentuckians who, for whatever reason, didn't get the education they needed during the traditional years or whose work life has changed and who need more education to keep up with the changing economy or who need to change careers.

Let us heed the message of the task force on adult education that we created last session and let's give hope to those in danger of being left behind!!!

And let us not forget our children, our very young children, those whose environment has been altered by the pressures of modern society.

I, like many of you, didn't fully understand how the brain develops during the first years, even the first months of a child's life. In fact, I didn't understand it at all.

I thought you just fed 'em and protected 'em and when they got to be five or six years old you just programmed their little computer brains and inputted a lot of data into their little random-access memories and everything would be fine.

I thought their brains came already assembled like their heart and their eyes and their legs.

But I was wrong; they don't come with a ready-built brain, they come with an erector set; all the bits and pieces but little of it put together.

A child's brain is assembled by life experiences. And the experiences can be good or bad. Their brain can be assembled right or wrong.

This brain development happens at a reverse exponential rate, extremely high at birth, almost finished at puberty.

Very young children need nurturing and protection but they also need good health, a challenging environment, social contact with their peers, and caring parents who're knowledgeable about the needs of their infant. As best we can, we need to help them have these things.

We have to realize that modern lifestyles, as wonderful as they are in many ways, have changed the way we raise our children. Most of these changes are good. Some are not.

Because of our mobile society, many young parents have lost the family support system of parents and grandparents and brothers and sisters and aunts and uncles that many of us relied on as we developed our parenting skills.

We have thousands of young parents, many of them young single women, struggling to raise very young children and support them with none of the support that most of us had; many without the experience of being raised in a caring nurturing home.

The time has come for us to do what Ohio and Florida and North Carolina and many other states have done.

And the reimbursement by the tobacco companies for smoking-related healthcare costs the state has incurred gives us the chance to do that.

Realizing that we're going to spend millions of dollars helping older kids who've gone wrong because of inadequate early care, let's reduce those costs in the future by investing in these kids earlier, in their most formative years.

Let's do what's right for us as taxpayers, for the parents, for our children; and let's do it now!!!

As important as education is, there are other needs we have to address.

A top priority among these is economic opportunity for our people; the opportunity to use the education we're going to provide.

For the past eight years, I've been intimately involved in the states efforts to improve our economy. I'm proud of what we've done. We need to do more.

I'm open to ideas about how we can become even more attractive to emerging high-tech industries and financial services companies.

We must begin immediately building that knowledge-based economy we'll need for the 21st century; the only kind of economy that can bring us the prosperity we seek!!!!

As we look at growing our overall economy, let's not forget our traditional industries in trouble, coal and tobacco.

We've already addressed one major issue

with coal, worker's compensation, and the industry is still in trouble. It's still facing the threat of cheap western production.

Let's face up to the fact that regardless of the near-term prospects of our coal industry, it will not sustain the people of our coal-producing regions in the future.

We must and will continue to pursue alternatives!

We will not neglect the social and economic needs of our citizens in the coal fields, especially the Eastern Kentucky coalfields!!!

Eight years ago we recognized those needs and with the leadership of Governor Jones we made a commitment to devote 50% of the coal severance tax to rebuilding their economy.

We're making progress towards that goal and I promise my people that the budget I present two years from now will reach that goal.

We will live up to our commitment!!!!

The challenge now is to invest these resources wisely.

I'm pleased with what we've done so far with the Local Government Economic Development program.

But we've only just begun. I am determined that, using this and other tools that the legislature has made available to Eastern Kentucky, four years from now, with my personal involvement, we will begin to see tangible and significant results that, pursued for twenty years, will fundamentally change the region!!!

Yes, we've developed special programs to help build the economy of Eastern Kentucky, an area which has special needs.

There's another part of our society, another geographic area, that needs special attention.

That's our inner cities, many times the homes of some of our most disadvantaged African-American citizens.

We need to take the same kind of extraordinary action, the development of special programs and incentives, to induce economic revival in our inner cities, just as we've done in Eastern Kentucky.

I've studied this problem since I was Secretary of the Economic Development Cabinet and I believe that we've finally come up with a program that will help.

I'll be discussing this idea with you in the not too distant future.

And while we're talking about our inner cities, let's talk about our society's policy of the throw-away city. Just because we have abundant open space in the proximity of our cities that is the backbone of our agriculture economy, and is relatively cheap in one sense of the word, is no reason to ignore the long-term cost of random growth.

Let's not just abandon our hundred-year-old downtowns and let them become deteriorated and the least valued part of our community.

Let's not live like a ringworm, destroying the center and leaving it to decay while expanding outward into our natural areas and having only the outward ring of prosperity surrounding an ever-increasing area of decline.

And let's preserve the natural uniqueness which is rural Kentucky.

It's more than Black Mountain and the Red River Gorge, and the Palisades of the Kentucky River and the Land Between the Lakes.

We have such a beautiful state. Let's set aside some of our most unique areas so that future generations of Kentuckians can enjoy what we sometimes take for granted.

And let us make a commitment to keep it clean!!!

We live in times of unparalleled prosperity and we're creating waste at an unprecedented pace.

And it doesn't make any difference whether we live in a city or in rural Kentucky.

Today, everybody creates large amounts of solid waste and it's everybody's responsibility to properly dispose of it!!!

We've made a lot of progress since Senate Bill 2 was passed in the 1991 extraordinary session.

The time has come to make another step toward a cleaner Kentucky!!!

As we think about rural Kentucky, our minds, of necessity, turn to agriculture, our original industry and one that has created in our people the kind of moral values and the work ethic that makes Kentucky a great place to live and work.

All of our agriculture industry is in trouble, but it's tobacco that has systemic problems that are beyond our control, conditions that will reshape our society.

The time has come for us to realize, and for political leaders to admit, that tobacco will not play the role in our lives in the future that it has in the past.

Big tobacco has lost about all the political battles they can lose.

They aren't as dependent on our political support as they once were.

As they continue to face financial pressure, I expect they'll take any measures they can to reduce costs and try to survive.

They've pulled practically all their manufacturing out of Kentucky. They're working everyday to increase the capacity of burley tobacco growers around the world.

The future of the Kentucky tobacco farmer is not their primary concern.

But it is ours. Let's get on with the business of building a different farm economy, especially for our family farms!!!!

We truly have a once-in-a-lifetime opportunity to make fundamental change in rural Kentucky as we decide what to do with the money being reimbursed to the state as a result of the Master Settlement Agreement with the tobacco companies.

A substantial amount of this reimbursement, but not all, must be spent to help the family farm, and these funds must be spent right!!!!

I solicit your continued input as we develop a program for their use.

The budget's going to be tough but I will not submit to you a budget that uses the Phase I tobacco money to solve the budget problems and I won't sign one that does!!!!

It's the only hope we have to begin new programs and there are some new things we need to do in addition to helping our farmers and our very young children.

We need to address the issue of the high cost of health insurance for our fellow Kentuckians who have to buy their health insurance in the individual market.

Most Kentuckians have group insurance where the risk is spread over a large group like insurance is supposed to be. The individual market just doesn't work that way.

Let's look to the monies being paid to the state for incurred costs of healthcare to help our sickest people who buy their insurance in the individual market, many of them farmers, enjoy the benefits of shared risk.

Let's restore a competitive healthcare insurance market so these citizens can realize the benefits of the economies the insurance companies will have to pursue as they compete for their business.

It's the American way, and it's the right thing to do!!! Let's restore competition to the market!!!!

And let us not forget the welfare of our fellow citizens who are less fortunate than we.

Like most Kentuckians, when I was in the private sector, I didn't have occasion to be exposed to the problems of our disadvantaged fellow citizens.

I chose to criticize those who were on welfare and didn't work because I viewed them from my perspective, through my eyes, as a person who'd never experienced their hardships or seen it in my family.

I was one of those who resented my hard-earned money going to support people who didn't work, not realizing that in fact it was only pennies of my tax money.

But let me tell you that eighteen years in public service has changed my view. I've had to deal with the problems of unfed children, homeless parents, untreated illnesses.

I've seen the struggle of parents trying to care for very loved and very special children; worrying about what's going to happen to their child when they get too old to care for them. I've been to Oakwood, and Central State, and the Home of the Innocents.

I've seen it.

And until you've seen it, my fellow Kentuckians, my friends in the legislature, don't pass judgment on the needs of this very special group of Kentuckians.

I know how Louie Nunn felt when he became governor and had to face up to the terrible neglect our society was showing for these children, no matter their age, who will always need someone to care for them. I respect his courage for doing what he had to do, and his skill in getting it done.

That's why, when his son came to Frankfort with Jimmie Lee two months ago I committed myself to ask for substantial increases in funding for mental health and mental retardation.

I endorsed their proposal and I committed to including it in our budget, and I will, and that's the only specific increased spending I've committed to publicly.

I don't know where we'll get the money, but I'm determined to do it because I realize that every time I see one of our less fortunate special people with special needs, I think to myself, there but for the grace of God go I; or Judi or our children or our grandchildren; or someone else I love.

The people of Kentucky are special. We will take care of our special people!!!

We have other social needs that we must and will address but we have a responsibility to address all the needs of our people, current and future.

As we address our immediate needs, we cannot neglect the future needs of our society; the infrastructure essential to the success of our people; the roads, the schools, our water and sewer systems, our cultural facilities and our prisons, our parks and courtrooms, our airports and playgrounds; all those things that make our communities livable, our cities safe, our economy grow.

We're prosperous and safe and enjoy a high quality of life today because of the infrastructure built and paid for by those who've come before us.

They balanced our future needs against their current needs because they realized their obligation to leave Kentucky better than they found it.

We have the same obligation to our children and their children's children. No matter how tight the budget is, no matter how pressing the current needs are, we must live up to our obligation to invest some of our resources in the infrastructure of our society.

Our responsibility is to serve all the people of Kentucky and even though a particular need may affect only a few of our people, if we serve one, we should serve all!!!

All of our people need access to postsecondary education. It's no longer for the few.

The same goes for some of the other things that many Kentuckians have taken for granted but some Kentuckians still don't have; things like roads and water and sewer and community facilities.

I always say a good road in front of your house isn't a big thing unless you don't happen to have one. Then, it's just about the most important thing in the world.

It's only 5% of our population who still live on a dirt or gravel road but if you're one of those 5%, you know what I'm talking about.

I'll be calling on this legislature to develop a program which will set us on a course of providing every Kentuckian a decent road to their home, and getting that done in twenty years!!!

Another essential of modern life is water. An adequate source of safe, clean drinking water is nothing to get upset about unless you don't happen to have any; then it becomes a matter of life and death.

And over 10% of our people don't have it.

I'll also call on you to make a similar commitment to provide water to every Kentuckian and we can do that within 20 years, too!!!

I've mentioned some of the issues we should address this session but we have a lot more to do.

Let us continue to support our law enforcement officers, our courts, our entire criminal justice system that helps Kentucky have one of the lowest crime rates in the nation.

We'll be suggesting ways to reduce the incidents of rape, and the trauma it causes. We must address the inadequacies of our public defender system and let's improve our campaign finance law. Let's support the arts and our parks and the recreation facilities that add so much joy to life.

Let us not shrink from the challenge that is before us!!!

Let us take care of the present, let us invest in the future, let us do what's right, and fair. Let's invest in every part of the Commonwealth. Let's look at the needs of every citizen. And let's make sure that every Kentuckian pays their fair share of the cost of government!!!

We all know that government doesn't give us anything; government is we the people, pooling some of our resources to do the things that we, through our elected representatives, think we have to do.

All that anyone should expect from government is that our money be spent efficiently and effectively and we all be required to contribute our fair share according to our ability.

Let's look at our tax structure; all of our tax structure!!! Let's make sure, as best we can, that it's adequate and that it's fair!!!

As we begin our work to determine the direction of our society for the next century, let us be cognizant of our opportunities and responsibilities.

We have the opportunity to have a great session.

This will be the third session that our administration has worked with most members of House leadership.

We know each other very well and we have a healthy working relationship.

We're all aware of the leadership changes that have occurred in the Senate which will require us to develop new working relationships and I'm confident they'll be just as healthy and productive.

To the Democrats in the Senate, you can take pride in the leadership that you've provided that body over the years.

You've dealt honorably with the challenges that come with responsibility.

In this session you must concentrate on advancing the causes you champion by building bipartisan coalitions around specific issues that are important to you and the people you serve.

And to the newly empowered Republican majority in the Senate, you have achieved your goal of majority status in that body.

I'm confident that you can deal with responsibility as well as authority.

The people will be looking to you to focus on issues and not partisanship, an admonition I would deliver to all members of the legislature and to myself and our administration.

This is a time for statesmanship!!!!

And finally, we must decide what our primary objective is, the next election or the business of the people.

For me, the choice is clear. I've found that the majority of the people are wiser than many politicians realize.

I've found that the people, the silent majority, not the vocal, selfish minority, want us to address the hard issues, to do what's right; and trust their judgment.

After all, the people's primary interest is not that any particular individual is re-elected but rather that their long-term interests are served.

To each individual legislator, let me say that I understand that we will not agree on every issue. My position will prevail on some, yours on others. Let us keep each issue separate.

Let us not engage in retribution on one subject because of a disagreement on another. To do differently would be an invitation to gridlock.

And we can't afford to do that, for the sake of our people.

I hold no personal or political animosity towards any of you. I know of none of you who hold ill will towards me as an individual.

We have a challenging three months ahead of us. I hope to finish our work here with an even closer relationship than we have now.

And I and the people of Kentucky expect us to finish this session having made a difference for the better in the life of every Kentuckian!!!

I look forward to working with you these next three months and these next four years to build that better opportunity for all our people; that's what the people sent us here to do. That's what I intend to do.

And that's what I know we will do!!!

Good night. God bless you.

Representative Thomas moved the adoption of the following **Legislative Citation No. 1**. Agreed.

The House of Representatives of the Commonwealth of Kentucky hereby recognizes and honors the Kentucky Burley Tobacco Growers Cooperative Association for outstanding contributions to, and laudable stewardship rendered on behalf of, the agricultural industry of both this Commonwealth and region. Responsible for the administration of the price support program in Kentucky, Ohio, Indiana, Missouri and West Virginia, this esteemed non-profit organization has, since 1941, ensured that tobacco farmers receive fair prices, develop a stronger voice and maintain a better way of life by issuing federal allotments that limit the amount of tobacco a farmer can market in a sales season, ultimately assuring that the American taxpayer does not subsidize the costs of leaf tobacco production. Inasmuch as the Kentucky Burley Tobacco Growers Cooperative Association has made many and lasting contributions to the economic vitality of this Commonwealth and has worked diligently and with great effort on behalf of the farmers of this region, the members of this august body are delighted to join with Representative Roger Thomas in welcoming its board members to the Chambers of the House of Representatives to witness a day in the 2000 Regular Session of the General Assembly and in extending best wishes for a delightful visit and continued good fortune in the future. Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That the following Rules of Procedure are adopted to govern the 2000 Regular Session of the House of Representatives:

Rule 1. Hours of Meeting. The House shall meet at times set by the Committee on Committees.

Rule 2. Quorum. A majority of the members elected to the House shall constitute a quorum. If a quorum is not present at the time fixed for a meeting of the House, five members may adjourn or recess from day to day or from time to time and fifteen members may order a call of the House and send for absent members.

Rule 3. Call of the House. Upon a call of the House, the Clerk shall call the roll. Absentees are then only noted, but no excuses shall be made until the full roll is called. The Clerk shall then call the absentees again. Excuses will be heard at this time. The doors of the House Chamber shall then be closed and the absentees not excused by the House may be sent for and arrested by the Sergeant-at-Arms and the House shall determine upon what conditions they shall be discharged from arrest. Members who voluntarily appear shall be immediately admitted to the floor of the House and names returned upon the Journal as present unless the House otherwise directs. Excuses for leaves of absence must receive a consent approval of 2/3 of the members elected.

ORDER OF BUSINESS

Rule 4. Order of Business. The order of business shall be as follows:

1. Invocation.
2. Pledge of Allegiance.
3. Roll Call.
4. Reading and Approval of the Journal.

10. Orders of the Day.
11. Motions, Petitions and Communications.
12. Announcements.
13. Adjournment.

No more than thirty minutes shall be allotted to Motions, Petitions and Communications.

Rule 5.Unfinished Business. Unfinished business which was being considered upon adjournment shall have precedence in the class of business to which it properly belongs upon the next succeeding legislative day.

MOTIONS

Rule 6.Reading of Motions. When a motion has been made and seconded, it shall be stated by the Speaker, or, being in written form, it shall be read by the Clerk before debate, amendment or motion concerning it shall be in order.

Rule 7.Withdrawal of Motions. Every oral motion after it has been stated by the Speaker, and every written motion, bill, resolution or other paper, after it has been read by the Clerk, shall be the property and in the possession of the House and shall not be withdrawn without consent of the House. Every written motion, report or measure may be committed or recommitted at the pleasure of the House.

Rule 8.Order of Questions. All questions, whether in Committee of the Whole or in the House, when not privileged questions, shall be propounded in the order in which they were moved, except that in filling blanks the smallest sum and the most remote date shall be put first.

Rule 9.Precedence of Motions. When a question is under consideration, no motion shall be in order except:

1. To call the House when there is no quorum present.
2. To fix the time to which the House shall adjourn.
3. To adjourn.
4. To take recess.
5. To lay on the table.
6. For the previous question.
7. To limit or extend limits of debate.
8. To postpone to a fixed time.
9. To lay on the Clerk's desk.
10. To refer or commit.
11. To amend.
12. To postpone indefinitely.

The above several motions shall have precedence in the order in which they are arranged and the first seven of them shall not be debatable.

A second motion to adjourn, to take a recess, to lay on the table, for the previous question, to limit or extend limits of debate, to postpone to a time certain, to lay on the Clerk's desk, to refer or commit or to postpone indefinitely shall not be in order on the same day, upon the same question, and at the same status unless other business intervenes; provided, however, that amendments may be made to the time to which it is proposed to adjourn, to take a recess or to postpone to a fixed time.

Rule 10. Motion to Adjourn. A motion to adjourn, to take a recess, or a motion to adjourn to a time certain, shall always be in order, except when a member is speaking, while a vote is being taken or when the Committee on Committees is reporting; subject, however, to the limitations set out in Rule 9. A motion to adjourn or a motion to adjourn to a time certain shall be taken by roll call vote.

Rule 11. Motion to Table. The adoption of the motion to table, under these rules, defeats the subject matter under consideration. The reconsideration of the motion to table shall require approval of a majority of the members elected.

Rule 12. Previous Question. The previous question may be ordered by a majority of the members elected. On the call of the roll, no member shall be allowed to speak more than three minutes to explain his vote and shall not speak at all if the question is not a debatable question. The effect of the previous question shall be to put an end to ~~all~~ debate on any pending amendment; to prevent the offering of additional amendments and to bring the House to an immediate vote upon ~~any~~ the measure and amendment that ~~has~~ have been called and ~~is~~ are in order. ~~Once~~ After the previous question has been ordered, and any pending amendment has been voted upon ~~before the vote upon the main question~~, the opponents of the measure shall have ten minutes, and proponents of the measure shall have ten minutes, before the vote upon the main question.

Rule 13. Motion to Set the Limits on Debate. A motion to set a time limit for debate on a measure, in excess of that permitted under Rule 12, shall be in order unless the previous question shall have been ordered on the measure. The time limit set for debate under this rule shall be allotted by the Speaker evenly between the opponents of the measure and the proponents of the measure. Adoption of a motion under this rule does not prevent the offering of additional amendments.

Rule 14. Motion to Reconsider. A motion to reconsider a vote shall not be in order unless made by a member who voted upon the prevailing side of the question, nor shall such motion be in order unless made within two legislative days in which the House is in session next after the date the vote was taken and the bill or resolution is in the possession of the House; however, the motion to reconsider when coupled with the additional motion to lay that motion upon the table may be made by any member.

Rule 15. Motion to Lay on Clerk's Desk. The effect of the adoption of a motion to lay on the Clerk's desk under

these rules is to place in charge of the Clerk the pending question and everything adhering to it. A motion laid on the Clerk's desk may be taken from the desk and proceeded with at any time in the same order as when laid on the Clerk's desk.

Rule 16. Motion to Strike Out Enacting Clause. A motion to amend by striking out the enacting words of a bill or resolution shall have precedence over a motion to amend; and, if adopted, shall have the same effect as though the bill or resolution were regularly voted upon and rejected.

Rule 17. Motion to Separate Part of a Measure. A motion to commit, recommit, or postpone a part of a measure so as to separate that part of the measure from the remainder shall not be in order.

Rule 18. Postponement of Measure. When a measure shall have been postponed indefinitely it shall not be in order again during the session.

Rule 19. Reading of Pending Papers. Any pending bill, resolution, motion or report shall be read upon the request of any member, with the concurrence of a majority of the members elected to the House, but it shall not again be read on the same day unless so ordered by the House.

Rule 20. Nominations. In all elections a previous nomination shall be made.

MEMBERS

Rule 21. Attendance of Members. No member shall absent himself from a session of the House without leave from the House. Written request for leave of absence may be obtained from the Clerk of the House and shall be submitted to the Speaker. The request shall state thereon the member's excuse for obtaining the leave. No excuse for leave of absence shall be heard from the floor.

Rule 22. Decorum of Members. No member shall designate another member by name.

Rule 22A. Point of Personal Privilege. To be in order, a point of personal privilege must relate to allegations regarding the rights, reputation, or conduct of a member personally, in his or her capacity as a representative, that, if true, would incapacitate them for membership. Members who have the floor after claiming a point of personal privilege shall confine themselves to defending their own rights, reputations, or conduct, and not those of other members. Members wishing to make general comments about pending legislation, media coverage, or other matters that would be out of order if raised as a point of personal privilege shall use Motions, Petitions, and Communications.

Rule 23. Call to Order. If any member, in speech or otherwise, transgress the rules of order or decorum, he shall immediately be called to order by the chair and shall take his seat. The Clerk shall reduce the objectionable words to writing and read them to the House. After hearing a short explanation from the member called to order, or upon the withdrawal of the objectionable language, the Speaker may permit the member to proceed, or may compel silence upon him until the matter is disposed of. The ruling of the chair shall be subject to an appeal to the House. A member offending the House shall be liable to censure.

Rule 24. Debate. No member may speak more than once to the same subject until all members desiring to be heard have spoken, but nothing in this rule shall do away with the previous question if then in effect, nor permit debate on an undebatable motion.

No member shall speak more than thirty minutes in the aggregate on any question or measure, at the end of which period, or any portion thereof, the floor shall be returned to the Speaker.

Rule 25. Members Shall Vote at Seats. A member shall vote only when at his seat or visibly approaching it.

OFFICERS AND EMPLOYEES

Rule 26. Duties of Speaker. The Speaker shall take the chair every day precisely at the hour fixed for the meeting of the House and on the appearance of a quorum, shall cause the Journal of the preceding day to be read, unless the reading of the same is dispensed with by the House.

The Speaker shall preserve decorum and order and, in the event of any disorder in the gallery or in the House Chamber, may cause the same to be cleared of any persons creating disturbances or disorders.

All writs, warrants, subpoenas or other processes shall be signed by the officer who may be presiding over the House when the paper is issued; and his signature shall be attested by the Clerk, when ordered by a majority of the members.

Rule 27. Appeal from Decision of Chair. The Speaker while presiding may speak to points of order in preference to members. He shall decide points of order and manner of procedure. If two or more members arise from their respective seats and address the chair, the Speaker shall determine who was first and recognize him.

Any decision made by the Speaker shall be subject to appeal to the House. Every such appeal shall be in writing and signed by at least two members. During the pendency of an appeal to the House from a decision of the chair, the Speaker shall vacate the chair and call the Speaker Pro Tempore to preside. When the Speaker Pro Tempore is presiding on an appeal to the House from a decision of the Chair, no motion or business shall be in order except the motion on appeal from the decision of the Chair, and that motion shall not be debatable.

Rule 28. Speaker Pro Tempore. The House shall elect a Speaker Pro Tempore. The Speaker Pro Tempore shall perform the duties of the Speaker when the Speaker is absent from the House or when empowered by the Speaker to perform the

duties of the Chair.

Rule 29. Duties of Legislative Research Commission. The Legislative Research Commission shall have charge of all clerical, technical and procedural matters which relate to legislation including but not limited to: notification of committees of their appointment and business referred to them; keeping a calendar showing such bills as are entitled to their second reading each day, distinguishing between House and Senate bills; superintend the engrossing and enrolling of bills; and such other matters as are assigned by the Committee on Committees.

Rule 29A. Duties of Clerk. The Clerk shall have charge of clerical and administrative functions not assigned to the Legislative Research Commission and shall cooperate with the Commission to facilitate the work of the House. The Clerk shall read to the House papers ordered to be read; call the roll and note the answers of members when a question is taken by yeas and nays; assist the Speaker in taking the count when any vote of the House is taken; attest all writs, warrants and subpoenas issued by order of the House; certify to the passage of all bills and to the adoption of all joint and concurrent resolutions by the General Assembly; and make all reports to the Senate. The Clerk shall perform such other duties as are assigned by the Committee on Committees.

Rule 30. Journal of Proceedings. The Legislative Research Commission shall cause to be kept the Journal of the proceedings of the House. The Commission staff shall note upon the Journal all questions of order, together with the disposition of same, and the dates upon which all bills and resolutions were sent to committee and returned to the House. The House may correct errors in the Journal the day the Journal containing errors is presented to the House. No record which is in the hands of the Commission staff and is required by law to be entered upon the Journal of the House shall be copied by any person until same shall have been entered upon the Journal and said Journal shall have been approved.

Half an hour before the time fixed for the meeting of the House each day, the Commission staff shall be present at the Clerk's desk with the Journal of the preceding session for inspection of any member of the House.

The Journal for each day, as soon as it has been approved by the House, shall be delivered by the Commission staff to the public printer. The Commission staff shall proofread and index the Journal upon return from the printer and make necessary typographical corrections.

Rule 31. Custody of Papers. The Legislative Research Commission shall have custody of all records, minutes, reports, and documents pertaining to legislation, and shall not allow them to be taken from its possession without the leave of the House, unless to be delivered to the chairman of a committee to which they have been referred. The Legislative Research Commission shall cause to be enclosed on bills and papers brief notes of proceedings had thereon by the House and preserve the same in convenient files for reference.

Rule 32. Accounts of Expenditures. The Legislative Research Commission shall keep the accounts for pay and mileage of members, officers and attaches, and for printing and other contingent expenses of the House and Senate.

Rule 33. Printing of House Papers. The Legislative Research Commission shall have supervision and charge of all printing done for the House as certified by the Clerk and the public printer shall print only such documents and other matter as the Legislative Research Commission authorizes. The Clerk shall report to the Speaker every failure to execute printing work correctly and promptly.

Rule 34. Duties of the Sergeant-at-Arms. It shall be the duty of the Sergeant-at-Arms and the Doorkeeper to exclude or remove all persons not entitled to the floor of the House. One hour before convening of the House each day the Sergeant-at-Arms shall announce in a loud, distinct voice: "All persons not entitled to the floor of the House under the rules thereof will now vacate the House Chamber." Rule 57. Readings of Bills. If a bill be reported with the expression of opinion that it should not pass a vote may then be taken on whether it shall be read at length and be placed on the Calendar, if a majority of the members elected to the House shall concur therein. When reported favorably by the committee, the bill shall then be given its first reading at length and shall be placed by the Commission staff upon the Calendar to be kept by the staff, and shall then be entitled to its second reading the next succeeding legislative day.

Every bill shall be read at length on three different legislative days; but the second and third readings thereof at length may be dispensed with by a majority of all the members elected to the House and the bill read by its title.

Rule 58. Calendar; Consent Calendar. (1) In order to reduce the time required for final passage of bills posted in the Orders of the Day, a consent procedure for the consideration of uncontested bills shall be established and designated as follows:

(a) The Commission staff shall keep a Regular Calendar and a Consent Calendar for each legislative day showing the bills receiving their second reading.

(b) The Commission staff shall also keep a Regular Orders and a Consent Orders showing bills posted for final passage by the Rules Committee.

(2) Bills reported by a Standing Committee with a regular "should pass" or "should pass with committee amendment/substitute attached" recommendation shall be shown in the Regular Calendar on the day on which they are entitled to a second reading.

(3) A Standing Committee may at the time of favorably reporting any House or Senate Bill, recommend that it be placed in the Consent Calendar provided:

(a) The primary sponsor has so requested when it is a House Bill, and

(b) The bill receives a "should pass" or "should pass with committee amendment/substitute attached" recommendation from such committee by a unanimous vote of the members present.

Any House or Senate Bill thus reported shall be first placed in the Consent Calendar on the day on which it is entitled to a second reading and shall continue to be shown in said Calendar until taken therefrom by the Rules Committee and posted in the Consent Orders. Bills receiving a second reading should be so designated to distinguish them from bills which have already received their second reading.

(4) A certificate shall be attached to each bill recommended for the Consent Calendar showing the request of the sponsor of any House Bill, and the unanimous recommendation of the members present signed by the Chairman.

(5) After a sufficient number of bills have accumulated in the Consent Calendar, the Rules Committee may post any or all of said bills to the Consent Orders for a day certain. On that day certain the Consent Orders shall be called before the Regular Orders.

(6) Upon the call of the Consent Orders each bill in said Orders shall be given a third reading by title only. The

Speaker shall then allow a reasonable time for questions from the floor and any explanation necessary by the sponsor or committee chairman. Consent Order bills may not be amended from the floor.

(7) The Commission staff shall attach a roll call to each bill in the Consent Calendar and any member may at any time prior to passage of the Consent Orders record with the Commission staff his "nay" or "pass" vote on any bill within the Consent Calendar or Consent Orders.

(8) Upon the call for the question on the Consent Orders, the Speaker shall instruct the Commission staff to announce the "nay" and "pass" votes previously filed on each bill in the Consent Orders. All other members present in the chamber on the day and at the time the Consent Orders are called shall be considered as having voted "aye" and the roll call attached to each bill shall so reflect as the final vote.

(9) Upon the written petition of any five members objecting to the placement or retention of any bill in the Consent Calendar or Consent Orders, such bill shall cease to be so considered and shall be placed in the Regular Calendar or Regular Orders as provided in these rules.

Rule 59. Orders of the Day. When a bill has had its second reading it shall be placed in the Orders of the Day, or be recommitted, and when next reached in the House it shall be ready for recommitment, or to be read a third time and placed upon its passage, and the Speaker shall so announce to the House.

A bill may be recommitted or amended in accordance with these rules at any time before its passage. Bills shall be placed in the Orders of the Day in the order in which they have been given their ~~first~~^{second} reading, and shall be taken therefrom in accordance with Rule 41. When a House bill is in the Orders of the Day, it shall be in order on motion of the author to substitute for it an identical Senate bill which is in the Calendar of the House.

No bill shall be taken from the Orders of the Day unless it shall have been printed and previously distributed to members.

Rule 60. Final Passage. When a House bill has been amended in the Senate and the House has concurred in the amendment, or a Senate bill has been amended in the House, but the Senate refuses to concur, and the House recedes from its amendment, the bill shall immediately be placed upon its passage.

Rule 61. Amendments to Bills. All amendments offered shall be on sheets with a proper heading printed in black, furnished by the Commission staff, and shall bear the signature of the members offering the same. An amendment prepared for one member but signed by another shall be considered the amendment of the member signing the amendment. All amendments shall give the proper page and line of the printed bill. ~~An original and six~~^{Three} copies of each amendment shall be introduced. No amendment shall be in order that is not germane to the matter under consideration and unless it shall have been printed and previously distributed by the Clerk to members at least one legislative day prior to consideration of the bill or resolution; and the Speaker, when the question is raised, shall rule as to the admissibility of the proposed amendment, subject to appeal to the House.

Any amendment to a bill under consideration containing the substantial text of the language of any other bill introduced during the session shall require for its consideration the affirmative vote of a majority of the members of the House. The commission staff shall cause such amendments to be identified when the bill proposed to be amended thereby is posted on the Orders of the Day. When a question is raised as to the identity of the proposed amendment containing the substantial text of any other bill introduced during the session, the Speaker shall rule thereon, subject to appeal to the House.

A committee substitute, upon its adoption, shall be considered as the original bill for purposes relating to the permissible degree of further amendment of the bill.

A proposal to amend the title of a bill shall be by separate title amendment. The question of adoption of an offered title amendment for a bill shall be presented to the body immediately after adoption of the bill.

A proposal to amend the Constitution of Kentucky shall be introduced as a bill, and no such proposal shall be in order if it is offered as an amendment to any bill.

If a proposed floor amendment to a branch budget bill will result, if adopted, in a loss of revenues or an increase in expenditures for a budget unit, the amendment shall specify by budget unit the source of funds that will offset the loss of revenues or specify the budget unit or other source of funds that will support the increased expenditures. If a budget unit or other source of funds is specified, the amendment shall include all necessary language to effect the changes.

Rule 62. Engrossment of Bills. Every House bill and joint resolution, together with the amendments thereto, which has been passed by the House and not subject to further amendment or motion, shall be engrossed by the Commission staff. The Clerk shall endorse thereon the day of passage or adoption. The bill shall be delivered to the Senate in open session by the Clerk or someone designated by him, and Senate concurrence asked therein. A like procedure shall be observed toward Senate bills.

When engrossing a bill, the Commission staff may incorporate amendments by means of typing or by generating a replacement original of the bill through computerized process.

Rule 63. Enrollment of Bills. All House bills and resolutions which have passed both the Senate and the House shall be delivered by the Commission staff to the Enrolling Clerk, taking a receipt therefor, in the order in which passed. The Commission staff shall keep the number and title of all bills and joint and concurrent resolutions carrying the force and effect of law, passed by the House of Representatives and the Senate in a suitable record book attesting the fact and date of passage.

In the event a bill which originates in the House is amended by the Senate and the House concurs in the amendments

proposed and adopted by the Senate, the Commission staff shall engross said amendments in the original copy of the bill by typing or may generate a replacement original copy of the House bill through computerized process, before delivering the bill to the Enrolling Clerk of the House.

In cases of extreme emergency and during the last three days prior to sine die adjournment, where no correct printed copy can be produced, the Enrolling Clerk may enroll such bill or resolution by typing the same.

The original bill or resolution or replacement therefor, if applicable, and an enrolled copy shall be delivered to the Committee on Enrollment. The Enrolling Clerk shall certify that each are in the exact form as finally passed prior to such delivery. The Committee on Enrollment and the Enrolling Clerk shall jointly compare the original bill with the enrolled copy, and if the enrollment is ascertained to be correctly done, the Committee shall report the same to the House. If any bill or resolution is found not correctly enrolled, it shall be returned to the Enrolling Clerk to be properly enrolled and delivered to the Committee on Enrollment as is first provided herein.

Rule 64. Signing of Bills. The Enrolling Clerk of the House shall deliver the original and enrolled copies of House bills and resolutions signed by the Speaker to the Chairman of the Enrollment Committee of the Senate for presentation to the President of the Senate for his signature. When signed by the President of the Senate, the enrolled bill or resolution and the original copy thereof shall be returned by the Enrolling Clerk to the Clerk of the House who shall present the enrolled bill or resolution to the Governor for his approval and take his receipt for same.

Rule 65. Resolutions. Resolutions having the force and effect of law shall be treated and considered as bills in all respects under these rules. A simple resolution expressing the will of the House shall upon its introduction be automatically referred to the Committee on Committees, which may refer it to the floor if it is honorary, benevolent, and does not direct further action; otherwise, it shall be referred to a standing committee. Simple resolutions referred to a standing committee may be considered for adoption only after receiving a recommendation from a standing committee and being posted for passage by the Rules Committee. *A resolution shall not be accepted for introduction if offered in lieu of a legislative citation.* No resolution shall be considered unless it shall have been distributed to all members. All resolutions recommending a study by an interim committee, *task force, or special committee of the Legislative Research Commission* shall include *the following language: "Provisions of this resolution to the contrary notwithstanding, the Legislative Research Commission shall have the authority to alternatively assign the issues identified herein to an interim joint committee or subcommittee thereof, and to designate a study completion date."* ~~[an approximate cost of the proposed study.]~~ All resolutions recommending ~~[or requiring]~~ a study, or which recommend ~~creation of~~ *or create* a task force or special committee of the Legislative Research Commission shall be concurrent or joint resolutions.

The court shall have no jurisdiction to make permanent awards of custody of a child, but if the court finds an emergency to exist affecting the welfare of a child, or if the child is eligible for kinship care as established in Section 1 of this Act, it may make temporary orders for his custody; however, if the case involves allegations of dependency, neglect, or abuse, no emergency removal or temporary custody orders shall be effective unless the provisions of KRS Chapter 620 are followed. Such orders shall be entirely without prejudice to the proceedings for permanent custody of the child and shall remain in effect until modified or set aside by the court.  - (8) Nothing in this chapter shall prevent the District Court from holding a child in contempt of court to enforce valid court orders previously issued by the court.
 - (9) Except as provided in KRS 635.060(3), nothing in this chapter shall confer upon the District Court jurisdiction over the actions of the Department of Juvenile Justice or the cabinet in the placement, care, or treatment of a child committed to the Department of Juvenile Justice or the cabinet; or to require the department or the cabinet to perform, or to refrain from performing, any specific act in the placement, care, or treatment of any child committed to the department or the cabinet.
 - (10) Unless precluded by KRS Chapter 635 or 640, in addition to informal adjustment, the court shall have the discretion to amend the petition to reflect jurisdiction pursuant to the proper chapter of the Kentucky Unified Juvenile Code.
 - (11) The court shall have continuing jurisdiction over a child pursuant to subsection (1) of this section, to review dispositional orders, and to conduct dispositional hearings under 42 U.S.C. sec. 675(5)(c) until the child is placed for adoption, returned home to his parents with all the court imposed conditions terminated, or reaches the age of eighteen (18) years.

Section 1. KRS 405.435 is amended to read as follows:

- (1) An employer or labor organization in the Commonwealth of Kentucky shall provide information to the Cabinet for Families and Children when that employer or labor organization hires an employee who resides or works in the Commonwealth, or rehires or permits the return to work of an employee who has been laid off, furloughed, separated, granted a leave without pay, or terminated from employment, unless the reporting could endanger the safety of the employee or compromise an ongoing investigation or intelligence mission as determined by the secretary of families and children.
- (2) The employer shall provide the information within twenty (20) days of the hiring or return to work of the employee. The information shall include:
 - (a) The employee's name, address, and Social Security number; and

- ~~(5) An employer shall not be required to report the information when the hiring, rehiring, or returning to work involves:~~
 - ~~(a) An employee to whom the employer pays wages of less than three hundred dollars (\$300) each month; or~~
 - ~~(b) An employee who is under eighteen (18) years of age.~~
- ~~(6)~~ The Cabinet for Families and Children may promulgate administrative regulations in accordance with KRS Chapter 13A if the Cabinet for Families and Children determines exceptions are needed to reduce unnecessary or burdensome reporting or are needed to facilitate cost-effective operation of the cabinet under this section.
- ~~(6)~~~~(7)~~ The Cabinet for Families and Children shall use the information collected pursuant to this section for the location of noncustodial parents, establishment, modification, and enforcement of child support and any other matter related to paternity or child support.
- ~~(7)~~~~(8)~~ If the employer fails to report as required by this section, the Cabinet for Families and Children shall give the employer written notice of the provisions of this section, including the penalty for failure to report.

- ~~(9)~~~~(10)~~ If the employer fails to file a W-4 or equivalent form within twenty (20) days from the date that the second written notice is sent, or supplies a false or incomplete report, and the failure is a result of a conspiracy between the employee and the employer to prevent the proper information from being filed within twenty (20) days from the date that the second written notice is sent, the Cabinet for Families and Children shall send the employer by certified mail, return receipt request, notice of an administrative fine. The fine shall be two hundred fifty dollars (\$250) per calendar month per person for any violation occurring after the second notice has been given, and continuing until a W-4 or equivalent form is received by the Cabinet for Families and Children. No fine shall be imposed for any period of less than one (1) full calendar month.
- ~~(10)~~~~(11)~~ The employer shall have ten (10) days after receipt of the administrative fine notice to request a hearing before the Cabinet for Families and Children on whether the administrative fine was properly assessed. If a timely request for a hearing is received, the Cabinet for Families and Children shall schedule and conduct a hearing in accordance with administrative regulations promulgated by the cabinet in accordance with KRS Chapter 13A.

HB 168, AN ACT relating to child support.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 405.467 is amended to read as follows:

- (1) All support orders issued by the Cabinet for Families and Children, including those issued pursuant to Part D, Title IV of the Federal Social Security Act, shall provide for immediate withholding of earnings of the parent or parents obligated to pay child support and medical support as is necessary to pay the child support obligation, except where one (1) of the parties demonstrates, and the court or administrative order finds that there is good cause not to require immediate income withholding, or a written agreement is reached by both parties which provides for an alternative arrangement.
- (2) In any case in which a support order was issued in the state ~~prior to October 1, 1994,~~ and in which a parent is required to pay court-ordered or administratively determined child support, medical support, maintenance, and medical support insurance, and wage withholding is not in effect, and an arrearage accrues that is equal to the amount of support payment for one (1) month, upon request of the absent parent, request of the custodial parent, or upon administrative determination,

the secretary shall issue an order for withholding of earnings of the parent as is necessary to comply with the order plus interest at the legal rate on the arrearage, if any, without the need for a judicial or administrative hearing.

- (3) In any case in which a parent is required either by court order or administrative order to provide medical insurance coverage for the child and the parent has failed to make application to obtain coverage for the child, the secretary shall issue an order for withholding of the employee's share, if any, of premiums for health coverage and to pay the share of premiums to the insurer, without the need for a judicial or administrative hearing.
- (4) The cabinet shall advise the obligated parent that a wage withholding has commenced by sending a copy of the order to withhold at the same time that the order is sent to the employer. The only basis for contesting the withholding shall be a mistake of fact or law. If the parent contests the withholding, the cabinet shall give the obligor an opportunity to present his or her case at an administrative hearing conducted in accordance with KRS Chapter 13B and decide if the withholding will continue.
- (5) The cabinet shall combine any administrative or judicial wage withholding order, or multiple administrative or judicial orders for child support and medical support into a single wage withholding order when payable through the cabinet to a single family or to multiple family units.
- (6) The cabinet shall serve the order to withhold earnings or notice of multiple wage withholding orders specifying wage withholding requirements on the employer of an obligor by certified mail, return receipt requested. The order shall state the amount to be withheld, or the requirement to enroll the child under the health insurance coverage, including amounts to be applied to arrearages, plus interest at the legal rate on the arrearage, if any, and the date the withholding is to begin. The total amount to be withheld, including current support and payment on arrearages plus interest, and medical insurance coverage may not exceed the limit permitted under the federal Consumer Credit Protection Act at 15 U.S.C. sec. 1673(b).
- (7) If there is more than one (1) notice for child support withholding against a single absent parent, the cabinet shall allocate amounts available for withholding, giving priority to current child support, up to the limits imposed under Section 303(b) of the Consumer Credit Protection Act at 15 U.S.C. sec. 1673(b). The allocation by the cabinet shall not result in a withholding for one (1) of the support obligations not being implemented. Amounts resulting from wage withholding shall be allocated on a proportionate basis between multiple family units. Any custodial parent adversely affected by the provisions of this subsection shall have standing to challenge any proportionate allocations and, for good cause shown, a District Court, Circuit Court, or family court of competent jurisdiction may set aside the cabinet's proportional allocations as to the custodial parent.
- (8) If the amounts to be withheld preclude collection of the total amount of combined child support and medical support due to the limits of the federal Consumer Credit Protection Act at 15 U.S.C. sec. 1673(b), the actual amount received shall be applied first to the current monthly child support obligation amount. Any payment exceeding the current monthly child support obligation shall then be applied by the cabinet to the administratively ordered or judicially ordered medical support obligation.
- (9) The employer shall forward to the Cabinet for Families and Children that portion of salary or wages of the parent due and to be due in the future as will be sufficient to pay the child support amount ordered.
- (10) The employer shall be held liable to the cabinet for any amount which the employer fails to withhold from earnings due an obligor following receipt of an order to withhold earnings.
- (11) Any order to withhold earnings under this section shall have priority as against any attachment, execution, or other assignment, notwithstanding any state statute or administrative regulation to the contrary.
- (12) No withholding under this section shall be grounds for discharging from employment, refusing to employ, or taking disciplinary action against any obligor subject to withholding required by this section.
- (13) The remedies provided for in this section shall also be available for applicable support orders issued in other states.
- (14) Interstate requests for withholding of earnings shall be processed by the cabinet.

- (6) Mental illness as defined in KRS 202A.011(9) or mental retardation as defined in KRS 202B.010(9) or other developmental disability as defined in KRS 387.510(7) that places the child at substantial risk of physical or emotional injury even if the most appropriate and available services were provided to the parent for twelve (12) months; or
- (7) Other circumstances in existence that make continuation or implementation of reasonable efforts to preserve or reunify the family inconsistent with the best interests of the child and with the permanency plan for the child.

Section 5. KRS 620.027 is amended to read as follows:

The District Court has jurisdiction, concurrent with that of the Circuit Court, to determine matters of child custody and visitation in cases that come before the District Court where the need for a permanent~~[relative]~~ placement and custody order is established as set forth in this chapter~~[and the order is requested by the relative custodian]~~. The District Court, in making these determinations, shall utilize the provisions of KRS Chapter 403 relating to child custody and visitation.~~[In no event shall permanent custody orders be entered if the relative custodian elects to pursue approval as a provisional foster parent with the cabinet.]~~ In any case where the child is actually residing with a grandparent in a stable relationship, the court may recognize the grandparent as having the same standing as a parent for evaluating what custody arrangements are in the best interest of the child.

Section 6. KRS 625.090 is amended to read as follows:

- (1) The Circuit Court may involuntarily terminate all parental rights of a parent of a named child, if the Circuit Court finds from the pleadings and by clear and convincing evidence that:

 - 2. The child is found to be an abused or neglected child, as defined in KRS 600.020(1), by the Circuit Court in this proceeding; or
 - 3. The parent has been convicted of a criminal charge relating to the physical or sexual abuse or neglect of any child and that physical or sexual abuse, neglect, or emotional injury to the child named in the present termination action is likely to occur if the parental rights are not terminated; and
 - (b) Termination would be in the best interest of the child.
- (2) No termination of parental rights shall be ordered unless the Circuit Court also finds by clear and convincing evidence the existence of one (1) or more of the following grounds:
- (a) That the parent has abandoned the child for a period of not less than ninety (90) days;
 - (b) That the parent has inflicted or allowed to be inflicted upon the child, by other than accidental means, serious physical injury;
 - (c) That the parent has continuously or repeatedly inflicted or allowed to be inflicted upon the child, by other than accidental means, physical injury or emotional harm;
 - (d) That the parent has been convicted of a felony that involved the infliction of serious physical injury to any child;
 - (e) That the parent, for a period of not less than six (6) months, has continuously or repeatedly failed or refused to provide or has been substantially incapable of providing essential parental care and protection for the child and that there is no reasonable expectation of improvement in parental care and protection, considering the age of the child;
 - (f) That the parent has caused or allowed the child to be sexually abused or exploited;
 - (g) That the parent, for reasons other than poverty alone, has continuously or repeatedly failed to provide or is incapable of providing essential food, clothing, shelter, medical care, or education reasonably necessary and available for the child's well-being and that there is no reasonable expectation of significant improvement in the parent's conduct in the immediately foreseeable future, considering the age of the child;
 - (h) That:
 - 1. The parent's parental rights to another child have been involuntarily terminated;
 - 2. The child named in the present termination action was born subsequent to or during the pendency of the previous termination; and
 - 3. The conditions or factors which were the basis for the previous termination finding have not been corrected;
 - (i) That the parent has been convicted in a criminal proceeding of having caused or contributed to the death of another child as a result of physical or sexual abuse or neglect; or
 - (j) That the child has been in foster care under the responsibility of the cabinet for fifteen (15) of the most recent twenty-two (22) months preceding the filing of the petition to terminate parental rights.
- (3) In determining the best interest of the child and the existence of a ground for termination, the Circuit Court shall consider the following factors:
- (a) Mental illness as defined by KRS 202A.011(9), or mental retardation as defined by KRS 202B.010(9) of the parent as certified by a qualified mental health professional, which renders the parent consistently unable to care for the immediate and ongoing physical or psychological needs of the child for extended periods of time;
 - (b) Acts of abuse or neglect as defined in KRS 600.020(1) toward any child in the family;
 - (c) If the child has been placed with the cabinet, whether the cabinet has, prior to the filing of the petition made reasonable efforts as defined in KRS 620.020 to reunite the child with the parents *unless one or more of the circumstances enumerated in Section 4 of this Act for not requiring reasonable efforts have been substantiated in a written finding by the District Court;*
 - (d) The efforts and adjustments the parent has made in his circumstances, conduct, or conditions to make it in the child's best interest to return him to his home within a reasonable period of time, considering the age of the child;
 - (e) The physical, emotional, and mental health of the child and the prospects for the improvement of the child's welfare if termination is ordered; and
 - (f) The payment or the failure to pay a reasonable portion of substitute physical care and maintenance if financially able to do so.
- (4) If the child has been placed with the cabinet, the parent may present testimony concerning the reunification services offered by the cabinet and whether additional services would be likely to bring about lasting parental adjustment enabling a return of the child to the parent.

- (5) If the parent proves by a preponderance of the evidence that the child will not continue to be an abused or neglected child as defined in KRS 600.020(1) if returned to the parent the court in its discretion may determine not to terminate parental rights.
- (6) Upon the conclusion of proof and argument of counsel, the Circuit Court shall enter findings of fact, conclusions of law, and a decision as to each parent-respondent within thirty (30) days either:
 - (a) Terminating the right of the parent; or
 - (b) Dismissing the petition and stating whether the child shall be returned to the parent or shall remain in the custody of the state.

Any board of education, after advertising for bids, may award contracts if the chief state school officer certifies that the bid offers supplies and equipment which meet the standards and specifications fixed by the Kentucky Board of Education and that the bid price is lower than that established by the price contract agreement. If supplies and equipment that meet the specifications of the contracts awarded by the Division of ***Material and Procurement Services***~~[Purchases]~~ or a federal, local, or cooperative agency are available for purchase elsewhere, a board of education may purchase those supplies and equipment without advertising for bids. However, prior to making the purchases, the board of education shall obtain certification from:

However, no office, department, institution, or agency shall be allowed to evade the intent and meaning of KRS 197.200 to 197.250 by slight variations from standards adopted by the Division of ***Material and Procurement Services***~~[purchases]~~, when the articles or products produced or manufactured by the department in accordance with the standards, are reasonably adapted to the actual needs of the office, department, institution, or agency.

- (3) (a) Nothing in this statute shall limit or restrict the ability of a local school district to acquire supplies and equipment outside of the bidding procedure if those supplies and equipment meet the specifications of the contracts awarded by the Division of ***Material and Procurement Services***~~[Purchases]~~ or a federal, local, or cooperative agency and are available for purchase elsewhere at a lower price. A board of education may purchase those supplies and equipment without advertising for bids if, prior to making the purchases, the board of education obtains certification from the district's finance or purchasing officer that the items to be purchased meet the standards and specifications fixed by state price contract, federal (GSA) price contract, or the bid of another school district whose bid specifications allow other districts to utilize their bids, and that the sales price is lower than that established by the various price contract agreements or available through the bid of another school district whose bid specifications would allow the district to utilize their bid.

- (b) The procedures set forth in paragraph (a) of this subsection shall not be available to the district for any specific item once the bidding procedure has been initiated by an invitation to bid and a publication of specifications for that specific item has been published. In the event that all bids are rejected, the district may again avail itself of the provisions of paragraph (a) of this subsection.
- (4) This requirement shall not apply in an emergency if the chief executive officer of the city, county, or district has duly certified that an emergency exists, and has filed a copy of the certificate with the chief financial officer of the city, county, or district, or if the sheriff or the county clerk has certified that an emergency exists, and has filed a copy of the certificate with the clerk of the court where his necessary office expenses are fixed pursuant to KRS 64.345 or 64.530, or if the superintendent of the board of education has duly certified that an emergency exists, and has filed a copy of the certificate with the chief state school officer.

- (1) Twenty (20) school days, or days in which teachers are actually employed in the schoolroom, shall constitute a school month in the common schools. School shall be closed on the day of a regular election. The legal holiday designated by the Kentucky Board of Education to be observed may include the first Tuesday after the first Monday in November of each year and shall be counted as a school day.
- (2) Each full-time teacher shall be provided with a duty-free lunch period each day during the regularly scheduled student lunch period. The duty-free lunch period shall be not less than the length of the lunch period specified in the school calendar approved by the chief state school officer. A full-time teacher may be assigned to lunch room duty during the regularly scheduled student lunch period only for an amount of time equal to the noninstructional time in excess of fifty-five (55) minutes included in the teacher's daily schedule. The calculation of noninstructional time shall not include the teacher's duty-free lunch period, the time teachers are required to be at school prior to the start of the student's instructional day, or the time teachers are required to remain at school after the students are dismissed.
- (3) Except for children with disabilities and children attending the primary school program who may attend a program of less than six (6) hours per day under policy adopted by the local school district board of education and approved by the commissioner of education and children attending a school district where the local board has approved a schedule that provides at least the equivalent of six (6) hours of daily instruction during the school year, a minimum of six (6) hours of actual school work shall constitute a school day. Kindergarten programs may be operated for less than six (6) hours without state board approval; however, a school district that offers a full-day kindergarten program and receives state funds for full-day attendance for eligible students under subsection (7) of Section 1 of this Act shall operate the program in accordance with the school calendar and hours of attendance for the elementary and secondary schools in the local school district. The Kentucky Board of Education, upon recommendation of the chief state school officer, shall develop and approve regulations governing make up by school districts of whole days missed due to emergencies, or partial days missed as a result of shortening regularly scheduled school days due to emergencies.
- (4) Teachers shall be provided additional time for nonteaching activities. The nonteaching time shall be used to provide teachers opportunities for professional development activities as provided in KRS 156.095, instructional planning, school-based decision making as provided in KRS 160.345, curriculum development, and outreach activities involving their students' families and the community.

Section 3. KRS 157.360 is amended to read as follows:

- (1) In determining the cost of the program to support education excellence in Kentucky, the statewide guaranteed base funding level, as defined in KRS 157.320, shall be computed by dividing the amount appropriated for this purpose by the prior year's statewide average daily attendance.
- (2) Each district shall receive an amount equal to the base funding level for each pupil in average daily attendance in the district in the previous year. Each district's base funding level shall be adjusted by the following factors:
 - (a) The number of at-risk students in the district. At-risk students shall be identified as those approved for the free lunch program under state and federal guidelines. The number of at-risk students shall be multiplied by a factor to be established by the General Assembly. Funds generated under this paragraph may be used to pay a hazardous duty pay supplement as determined by the local board of education to the teachers who work in alternative programs with students who are violent or assaultive;
 - (b) The number and types of exceptional children in the district as defined by KRS 157.200. No later than October 1, 1993, specific weights for each category of exceptionality shall be developed by the Department of Education and shall be used in the calculation of the add-on factor for exceptional children. Prior to the development of the necessary weights, the General Assembly shall determine the costs associated with the education of exceptional children based on the count of pupils with different exceptionalities, an appropriate pupil-teacher ratio, and total per-pupil costs; and
 - (c) Transportation costs. The per-pupil cost of transportation shall be calculated as provided by KRS 157.370. No later than October 1, 1991, the Office of Education Accountability's Division of School Finance shall examine the components of the current system for allocating transportation funds, and recommend any needed changes to the General Assembly, the Governor, and the State Board for Elementary and Secondary Education. Districts which contract to furnish transportation to students attending nonpublic schools may adopt any payment formula which assures that no public school funds are used for the transportation of nonpublic students.
- (3) The program to support education excellence in Kentucky shall be fully implemented by the 1994-95 school year. No district shall receive an annual increase in state funds of less than eight percent (8%) for 1990-91 and five percent (5%) in 1991-92 or more than twenty-five percent (25%) in either year.

- (4) (a) Except for those schools which have implemented school-based decision making, the chief state school officer shall enforce maximum class sizes for every academic course requirement in all grades except in vocal and instrumental music, and physical education classes. Except as provided in subsection (5) of this section, the maximum number of pupils enrolled in a class shall be as follows:
 1. Twenty-four (24) in primary grades (kindergarten through third grade);
 2. Twenty-eight (28) in grade four (4);
 3. Twenty-nine (29) in grades five (5) and six (6);
 4. Thirty-one (31) in grades seven (7) to twelve (12);
 - (b) Except for those schools which have implemented school-based decision making, class size loads for middle and secondary school classroom teachers shall not exceed the equivalent of one hundred fifty (150) pupil hours per day.
 - (c) The chief state school officer, upon approval of the Kentucky Board of Education, shall adopt administrative regulations for enforcing this provision. These administrative regulations shall include procedures for a superintendent to request an exemption from the Kentucky Board of Education when unusual circumstances warrant an increased class size for an individual class. A request for an exemption shall include specific reasons for the increased class size with a plan for reducing the class size prior to the beginning of the next school year. A district shall not receive in any one (1) year exemptions for more classes than enroll twenty percent (20%) of the pupils in the primary grades and grades four (4) through eight (8).
 - (d) In all schools the chief state school officer shall enforce the special education maximum class sizes set by administrative regulations adopted by the Kentucky Board of Education. A superintendent may request an exemption pursuant to paragraph (c) of this subsection. A local school council may request a waiver pursuant to KRS 156.160(2). An exemption or waiver shall not be granted if the increased class size will impede any exceptional child from achieving his individual education program in the least restrictive environment.
- (5) In grades four (4) through six (6) with combined grades, the maximum class size shall be the average daily attendance upon which funding is appropriated for the lowest assigned grade in the class. There shall be no exceptions to the maximum class size for combined classes. In combined classes other than the primary grades, no ungraded students shall be placed in a combined class with graded students. In addition, there shall be no more than two (2) consecutive grade levels combined in any one (1) class in grades four (4) through six (6). However, this shall not apply to schools which have implemented school-based decision making.
 - (6) If a local school district, through its admission and release committee, determines that an appropriate program in the least restrictive environment for a particular child with a disability includes either part-time or full-time enrollment with a private school or agency within the state or a public or private agency in another state, the school district shall count as average daily attendance in a public school the time that the child is in attendance at the school or agency, contingent upon approval by the chief state school officer.
 - (7) Pupils attending a center for child learning and study established under an agreement pursuant to KRS 65.210 to 65.300 shall, for the purpose of calculating average daily attendance, be considered as in attendance in the school district in which the child legally resides and which is party to the agreement. For purposes of subsection (1) of this section, teachers who are actually employees of the joint or cooperative action shall be considered as employees of each school district which is a party to the agreement.
 - (8) Program funding shall be increased when the average daily attendance in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district for the first two (2) months of the previous school year. The program funds allotted the district shall be increased by the percent of increase. The average daily attendance in kindergarten ~~shall be calculated as defined in Section 1 of this Act~~ ~~is the kindergarten full-time equivalent pupils in average daily attendance~~.
 - (9) If the average daily attendance for the current school year in any district decreases by ten percent (10%) or more than the average daily attendance for the previous school year, the average daily attendance for purposes of calculating program funding for the next school year shall be increased by an amount equal to two-thirds (2/3) of the decrease in average daily attendance. If the average daily attendance remains the same or decreases in the succeeding school year, the average daily attendance for purposes of calculating program funding for the following school year shall be increased by an amount equal to one-third (1/3) of the decrease for the first year of the decline.
 - (10) If the percentage of attendance of any school district shall have been reduced more than two percent (2%) during the previous school year, the program funding allotted the district for the current school year shall be increased by the difference in the percentage of attendance for the two (2) years immediately prior to the current school year less two percent (2%).
 - (11) (a) Instructional salaries for vocational agriculture classes shall be allotted for twelve (12) months per year. Vocational agriculture teachers shall be responsible for the following program of instruction during the time period beyond the regular school term established by the local board of education: supervision and instruction of students in

2000 Regular Session

agriculture experience programs; group and individual instruction of farmers and agribusinessmen; supervision of student members of agricultural organizations who are involved in leadership training or other activity required by state or federal law; or any program of vocational agriculture established by the Division of Secondary Vocational Education in the Department of Education. Salary allotments for vocational agriculture teachers shall be computed by proportionately increasing the salary schedule allocation based on the regular one hundred eighty-five (185) day school year for teachers with comparable qualifications and experience. During extended employment, no vocational agriculture teacher shall receive salary on a day that the teacher is scheduled to attend an institution of higher education class which could be credited toward meeting any certification requirement.

- (b) Each teacher of agriculture employed shall submit an annual plan for summer program to the local school superintendent for approval. The summer plan shall include a list of tasks to be performed, purposes for each task, and time to be spent on each task. Approval by the local school superintendent shall be in compliance with the guidelines developed by the State Department of Education. The supervision and accountability of teachers of vocational agriculture's summer programs shall be the responsibility of the local school superintendent. The local school superintendent shall submit to the chief state school officer a completed report of summer tasks for each vocational agriculture teacher. Twenty percent (20%) of the approved vocational agriculture programs shall be audited annually by the State Department of Education to determine that the summer plan has been properly executed.
- (c) For the 1990-91 and the 1991-92 school years, an add-on appropriation shall be made to local school districts which are operating secondary vocational education programs. The amount provided in the budget shall be allocated on a per pupil basis and shall be used to meet the higher per student cost of operating vocational education programs.
- (12) (a) In allotting program funds for home and hospital instruction, statewide guaranteed base funding, excluding the capital outlay, shall be allotted for each child in average daily attendance in the prior school year who has been properly identified according to Kentucky Board of Education administrative regulations. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported monthly on forms provided by the Department of Education; and
- (b) Pursuant to administrative regulations of the Department of Education, local school districts shall be reimbursed for home and hospital instruction for pupils unable to attend regular school sessions because of short term health impairments. A reimbursement formula shall be established by administrative regulations to include such factors as a reasonable per hour, per child allotment for teacher instructional time, with a maximum number of funded hours per week, a reasonable allotment for teaching supplies and equipment, and a reasonable allotment for travel expenses to and from instructional assignments, but the formula shall not include an allotment for capital outlay. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported monthly on forms provided by the Department of Education.
- (13) Except for those schools which have implemented school-based decision making and the school council has voted to waive this subsection, kindergarten aides shall be provided for each twenty-four (24) full-time equivalent kindergarten students enrolled.

- (2) Notwithstanding the terms, provisions, or conditions of any franchise or the terms or provisions of any waiver, good cause

shall exist for the purposes of a termination, cancellation, or nonrenewal when:

- (a) There is a failure by the new motor vehicle dealer to comply with a provision of the franchise which provision is both reasonable and of material significance to the franchise relationship, provided that the dealer has been notified in writing of the failure within one hundred eighty (180) days after the manufacturer first acquired knowledge of ~~the[such]~~ failure.
- (b) If the failure by the new motor vehicle dealer, defined in paragraph (a) of this subsection, relates to the performance of the new motor vehicle dealer in sales or service, then good cause shall be defined as the failure of the new motor vehicle dealer to comply with reasonable performance criteria established by the manufacturer, if the new motor vehicle dealer was apprised by the manufacturer in writing of ~~a[such]~~ failure, and

- (7) In the event of a termination, cancellation, or nonrenewal under this section, and the new motor vehicle dealer is leasing the dealership facilities from a lessor other than the manufacturer, or owns the dealership facilities, the manufacturer shall pay a reasonable rent to the dealer in accordance with and subject to subsection (8) of this section.

- (8) (a) ~~[Such]~~ Reasonable rental value shall be paid only to the extent the dealership premises are recognized in the franchise and only if they are:
1. Used solely for performance in accordance with the franchise; and
 2. Not substantially in excess of those facilities recommended by the manufacturer.
- (b) If the facilities are owned by the dealer, the manufacturer will either:
1. Locate a purchaser who will offer to purchase the dealership facilities at a reasonable price; or
 2. Locate a lessee who will offer to lease the premises for a reasonable term at a reasonable rent; or
 3. Failing the foregoing, lease the dealership facilities at a reasonable rental value for one (1) year.
- (c) If the facilities are leased by the dealer, the manufacturer will either:
1. Locate a tenant or tenants satisfactory to the lessor, who will sublet or assume the balance of the lease; or
 2. Arrange with the lessor for the cancellation of the lease without penalty to the dealer; or
 3. Failing the foregoing, lease the dealership facilities at a reasonable rent for one (1) year.
- (d) The manufacturer shall not be obligated to provide assistance under this section if the dealer:
1. Fails to accept a bona fide offer from a prospective purchaser, sublessee or assignee; or
 2. Refuses to execute a settlement agreement with the lessor if ~~the[such]~~ agreement would be without cost to the dealer; or
 3. Fails to make a written request for assistance under this section within one (1) month of the termination, cancellation, or nonrenewal.
- (e) If, in an action for damages under this section, the manufacturer or distributor fails to prove either that the manufacturer or distributor has acted in good faith or that there was good cause for the franchise termination, cancellation, or nonrenewal, then the manufacturer or distributor may terminate, cancel, or fail to renew the franchise upon payment to the new motor vehicle dealer of an amount equal to the value of the dealership as an ongoing business location.

(9) Notice of termination to a dealer shall entitle the dealer to continue the franchise and the dealer may attempt to sell the franchise until all of the dealer's appeal rights have been exhausted.

Section 4. KRS 190.046 is amended to read as follows:

- (1) Notwithstanding the terms of any franchise agreement, each motor vehicle manufacturer or distributor, doing business within this Commonwealth, shall assume all responsibility for and shall defend, indemnify, and hold harmless its motor vehicle dealers against any loss, damages, and expenses, including legal costs, arising out of complaints, claims, recall repairs or modifications or factory authorized or directed repairs, or lawsuits resulting from warranty defects, which shall include structural or production defects; defects in the assembly; or design of motor vehicles, parts, accessories; or other functions beyond the control of the dealer, including without limitation, the selection of parts or components for the vehicle. Each manufacturer or distributor shall pay reasonable compensation to any authorized dealer who performs work to repair defects, or to repair any damage to the manufacturer's or distributor's product sustained while the product is in transit to the dealer, when the carrier or the means of transportation is designated by the manufacturer or distributor. Each manufacturer or distributor shall provide to its dealers with each model year a schedule of time allowances for the performance of warranty repair work and services, which shall include time allowances for the diagnosis and performance of warranty work and service time, and shall be reasonable and adequate for the work to be performed.
- (2) In the determination of what constitutes "reasonable compensation" under this section, the principal factor to be considered shall be the amount of money that the dealer is charging its other customers for the same type service or repair work. Other factors may be considered, including the compensation being paid by other manufacturers or distributors to their dealers for work; and the prevailing amount of money being paid or charged by the dealers in the city or community in which the authorized dealer is doing business. "Reasonable compensation" shall include diagnosing the defect; repair service; labor; parts and administrative and clerical costs. The compensation of a dealer shall not be less than the amount charged by the dealer for like services and parts, which minimum compensation for parts shall be dealer cost plus thirty percent (30%) gross profit, to retail customers for nonwarranty service and repairs, or less than the amounts indicated for work on the schedule of warranty compensation required to be filed by the manufacturer with the commission as a part of the manufacturer's license application by KRS 190.030.
- (3) A manufacturer or distributor shall not require unreasonable proof to establish "reasonable compensation" or delay reimbursement of payment to the dealer beyond thirty-five (35) days from the submission by mail of a valid warranty claim. If a valid warranty claim is not paid within forty-five (45) days, the dealer may give the manufacturer one (1) copy of the dealer's related repair order bearing the customer's signature, the dealer's signature, the date the work was completed, the vehicle serial number or identification number, the odometer reading, the date of delivery of the vehicle, a list of the parts and supplies used if applicable, a brief general description of the defect, and the amount of money charged the manufacturer or distributor for the work. If, after fifteen (15) days, the valid warranty claim is still not paid, the dealer

may deduct a like amount from any moneys due or owing to the manufacturer or distributor. The dealer shall hold the defective part for inspection by the manufacturer or distributor for a period of time not to exceed ninety (90) days from the time the warranty claim is submitted. The manufacturer or distributor shall not unfairly discriminate against any dealer in the application of warranty, policy, and procedure or deny any valid warranty order claim submitted by a franchised dealer within thirty (30) days from completion of the work or longer if existing manufacturer-dealer relationships apply. Upon the written request of the dealer for valid reasons, the manufacturer shall extend the submission time. Any dispute between the dealer and the manufacturer or distributor shall be subject to the provisions of KRS 190.057.

(4) All audits by a manufacturer shall be limited to a period of one (1) year prior to the date of the audit.

Section 5. KRS 190.0491 is amended to read as follows:

- (1) "Delivery" of a motor vehicle to a dealer by a manufacturer or distributor for the purposes of this section shall be accomplished by the:

 - (b) The giving of notice of ~~the[such]~~ tender of the motor vehicle and documents to the dealer.
- (2) Whenever a motor vehicle is damaged while in transit when the carrier or the means of transportation is designated by the manufacturer or distributor, or whenever a motor vehicle is otherwise damaged prior to delivery to the dealer, the dealer must:

 - (b) ~~Must~~ Request from the manufacturer or distributor authorization to repair the damages sustained or to replace the parts or accessories damaged.

~~[Such]~~ Notification of damage by the dealer must be by certified mail, with a notice of delivery requested to be returned to the dealer, and shall be presumed to have occurred upon deposit of the notice with the United States Postal Service.
- (3) In the event the manufacturer or distributor refuses or fails to authorize repair or replacement of ~~the[any such]~~ damage within three (3) working days of notification of damage by the dealer, ownership of the motor vehicle shall revert to the manufacturer or distributor, and the dealer shall incur no obligations, financial or otherwise, for ~~the[such]~~ damage to the motor vehicle. In determining when ~~the[such]~~ notification of the damage by the dealer to the manufacturer or distributor occurs, the date the notice is received by the manufacturer or distributor by the United States Postal Service indicated on the notice of delivery returned to the dealer shall be controlling.
- (4) In computing the lapse of three (3) working days under this section, the day of the occurrence of delivery of the motor vehicle to the dealer by the manufacturer or distributor, as defined in subsection (1) of this section, or the day of notification of the damage to the manufacturer or distributor by the dealer, as described in subsection (3) of this section, ~~shall[is] not[is to]~~ be included, but the last working day of the period so computed ~~shall[is to]~~ be included.
- (5) Prior to the sale of any motor vehicle damaged prior to delivery to the dealer as described in subsection (2) of this section, excluding damage to glass, tires, and bumpers when replaced by identical manufacturer's original equipment and any damage not exceeding six percent (6%) of the sticker price of the vehicle, the occurrence and extent of ~~the[such]~~ damage must be disclosed by the dealer to the consumer, and upon repair of the damage sustained, or replacement of the parts or accessories damaged, the manufacturer and/or dealer, must certify to the consumer that the motor vehicle has been repaired or remanufactured to the manufacturer's standards; if the dealer makes the certification he shall be indemnified by the manufacturer. Upon ~~this[such]~~ certification, liability for any concealed damages then remaining with the motor vehicle shall lie with the manufacturer.
- (6) Whenever a motor vehicle is damaged resulting in repairs or repair estimates that exceed one thousand dollars (\$1,000)~~three hundred dollars (\$300)~~ after delivery to the dealer by the manufacturer or distributor, as defined in subsection (1) of this section, but before sale by the dealer to the consumer, the occurrence and extent of ~~the[such]~~ damage must be disclosed by the dealer to the consumer prior to ~~a[such]~~ sale, and upon repair of the damage sustained, or replacement of parts or accessories damaged, the dealer must certify to the consumer that this motor vehicle has been repaired or remanufactured according to the manufacturer's standards. Upon ~~this[such]~~ certification, liability for any concealed damages then remaining with the motor vehicle shall lie with the dealer.
- (7) Notwithstanding the terms of any franchise agreement, it shall be a violation of this section for any new motor vehicle manufacturer to fail to indemnify and hold harmless its franchised dealers against any judgment or settlement agreed to in writing by the manufacturer for damages, including, but not limited to, court costs and reasonable attorneys' fees of the new motor vehicle dealer, arising out of complaints, claims, or lawsuits including, but not limited to, strict liability, negligence, misrepresentation, warranty (express or implied), or rescission of the sale as is defined in KRS 355.2-608, to the extent that the judgment or settlement agreed to in writing by the manufacturer relates to the alleged defective or negligent manufacture, assembly, or design of new motor vehicles, parts, or accessories or other functions by the manufacturer, beyond the control of the dealer.

Section 6. KRS 190.070 is amended to read as follows:

2000 Regular Session

- (1) It shall be a violation of this section for any manufacturer, distributor, factory branch, or factory representative licensed under this chapter to require any new motor vehicle dealer in the Commonwealth:
- (a) To order or accept delivery of any motor vehicle, part or accessory thereof, appliances, equipment, or any other product not required by law, which shall not have been voluntarily ordered by the new motor vehicle dealer; except that this section is not intended to modify or supersede any terms or provisions of the franchise requiring new motor vehicle dealers to market a representative line of those motor vehicles which the manufacturer or distributor is publicly advertising.
 - (b) To order or accept delivery of any new motor vehicle with special features, appliances, accessories, or equipment not included in the list price of ~~the[such]~~ motor ~~vehicle[vehicles]~~, as publicly advertised by the manufacturer or distributor.
 - (c) To order for any person any parts, accessories, equipment, machinery tools, appliance, or any commodity whatsoever not required in connection with a recall campaign.
 - (d) To participate monetarily in an advertising campaign or contest, any promotional materials, training materials, showroom or other display decorations, or materials, at the expense of the dealer, without the consent of the dealer.
 - (e) To enter into any agreement with the manufacturer, distributor, factory branch, or factory representative, or to do any other act prejudicial to the new motor vehicle dealer by threatening to cancel a franchise or any contractual agreement existing between the dealer and the manufacturer, distributor, factory branch, or factory representative. Notice in good faith to any dealer of the dealer's violation of any terms or provisions of ~~the dealer's[such]~~ franchise, or contractual agreement shall not constitute a violation of this law.
 - (f) To change the capital structure of the dealership, or the means by or through which the dealer finances the operation of the dealership, provided that the dealership at all times meets any reasonable capital standards agreed to by the dealer, excluding any entity engaged primarily in providing financing or insurance on motor vehicles.
 - (g) To refrain from participation in the management or investment in, or the acquisition of any other line of new motor vehicle or related products; provided, however, that this section does not apply unless the new motor vehicle dealer maintains a reasonable line of credit for each make or line of new motor vehicles, and that the new motor vehicle dealer remains in substantial compliance with the terms and conditions of the franchise and with any reasonable facility requirements of the manufacturer, and no change is made in the principal management of the new motor vehicle dealership.
 - (h) To change location of the dealership, or to, during the course of the agreement, make any substantial alterations to the dealership premises, when to do so, would be unreasonable in light of the current economic, political, and social considerations.
 - (i) To prospectively assent to a release, assignment, novation, waiver, or estoppel which would relieve any person from liability to be imposed by this law, or to require any controversy between a dealer and a manufacturer, distributor, or representative, to be referred to any person other than the duly constituted courts of the Commonwealth or the United States of America, or to the commissioner, if ~~the[such]~~ referral would be binding upon the dealer.
 - (j) To establish or maintain exclusive facilities, personnel, display space, or signage for a new motor vehicle make or line.**
 - (k) To expand facilities without making available a sufficient supply of new motor vehicles to support the expansion in light of the market and economic conditions.**
- (2) It shall be a violation of this section for any manufacturer, distributor, factory branch, or factory representative:
- (a) To delay, refuse, or fail to deliver motor vehicles, or vehicle parts or accessories in reasonable quantities relative to the new motor vehicle dealer's facilities and sales potential in the new motor vehicle dealer's relevant market area, and within a reasonable time, but in any case no more than sixty (60) days, after receipt of an order from a dealer having a franchise for the retail sale of any new vehicle sold or distributed by the manufacturer or distributor, any new vehicle, parts, or accessories to new vehicles as are covered by ~~the[such]~~ franchise, if ~~the[such]~~ vehicle, parts, or accessories are publicly advertised as being available for delivery or actually being delivered. The delivery to another dealer of a motor vehicle of the same model and similarly equipped as the vehicle ordered by a motor vehicle dealer who has not received delivery thereof, but who had placed his written order for the vehicle prior to the order of the dealer receiving the vehicle, shall be prima facie evidence of a delayed delivery of, or refusal to deliver, a new motor vehicle to a motor vehicle dealer within sixty (60) days, without cause. This section is not violated, however, if ~~the[such]~~ failure is caused by acts or causes beyond the control of the manufacturer, distributor, factory branch, or factory representative.
 - (b) To refuse to disclose to any new motor vehicle dealer, handling the same line make, the manner and mode of distribution of that line make within the relevant market areas.
 - (c) To prevent or attempt to prevent a dealer from receiving fair and reasonable compensation for the value of the franchised business. There shall **not** be ~~a[no]~~ transfer or assignment of the dealer's franchise without the consent of

the manufacturer or distributor, which consent shall not be unreasonably withheld.

- (d) To obtain money, goods, service, or any other benefit from any other person with whom the dealer does business, on account of, or in relation to, the transaction between the dealer and ~~the~~~~[such]~~ other person, other than for compensation for services rendered, unless ~~the~~~~[such]~~ benefit is promptly accounted for, and transmitted to, the dealer, excluding any entity engaged primarily in providing financing or insurance on motor vehicles.
- (e) To increase prices of motor vehicles which the dealer had ordered for private retail customers prior to the dealer's receipt of the written official price increase notification, a sales contract signed by a private retail consumer shall constitute evidence of each ~~[such]~~ order, provided that the vehicle is in fact delivered to the customer. In the event of manufacturer price reductions, the amount of ~~a~~~~[any such]~~ reduction received by a dealer shall be passed on to the private retail consumer by the dealer, if the retail price was negotiated on the basis of the previous higher price to the dealer. Price reductions shall apply to all vehicles in the dealer's inventory which were subject to the price reduction. Price differences applicable to new model or series motor vehicles at the time of the introduction of new models or series shall not be considered a price increase or price decrease. Price changes caused by the following shall not be subject to the provisions of this section:
 - 1. The addition to a motor vehicle of required or optional equipment pursuant to state or federal law;
 - 2. Revaluation of the United States dollar, in the case of foreign-make vehicles or components;
 - 3. Increased transportation charges due to an increase in the rate charged by common carrier or transporter.
- (f) To offer any refunds or other types of inducements to any person for the purchase of new motor vehicles of a certain line make to be sold to the state or any political subdivision thereof, without making the same offer, upon written request, to all other dealers in the same line make within the relevant market area.
- (g) To release to any outside party, except under subpoena, any administrative, judicial or arbitration proceedings, or any business, financial, or personal information which may be, from time to time, provided by the dealer to the manufacturer, without the express written consent of the dealer.
- (h) To deny any dealer the right of free association with any other dealer for any lawful purpose.
- (i) To establish or maintain a relationship, on the part of a manufacturer, distributor, factory branch, or factory representative, where the voting rights exceed a simple majority.
- (j) To own, operate, or control any motor vehicle dealership in the Commonwealth; however, this subsection shall not prohibit:
 - 1. The operation by any manufacturer of a dealership for a temporary period, not to exceed one (1) year, during the transition from one (1) owner to another;
 - 2. The ownership or control of a dealership by a manufacturer while the dealership is being sold under a bona fide contract or purchase option to the operator of the dealership; or
 - 3. The ownership, operation, or control of a dealership by a manufacturer if the licensor determines after a hearing at the request of any party, that there is not a dealer who is independent of the manufacturer available in the community or trade area to own and operate the franchise in a manner consistent with the public interest.
- (k) To compete without good faith with a new motor vehicle dealer in the same line make, operating under an agreement or franchise from the aforementioned manufacturer, distributor, factory branch, or factory representative in the relevant market area. - (4) It shall not be a defense to an alleged violation of subsection (3) of this section, that an item or opportunity was offered to a dealer if the offer was conditioned upon the dealer meeting one (1) or more requirements that are not reasonable and necessary to fulfill the dealer's obligations under the franchise. The manufacturer shall have the burden of proving that any requirement upon which an offer was conditioned was reasonable and necessary to fulfill the dealer's obligations under the franchise when the offer was made. A requirement shall not be found to be reasonable and necessary to fulfill the dealer's obligations under the franchise if the manufacturer cannot prove that it was within the control of each dealer to meet the requirement imposed on the dealer as a condition of the offer.
- (5) A dealer who alleges a good faith belief that the dealer has been, or is being, discriminated against in violation of subsection (3) of this section, may demand in writing that the manufacturer furnish the dealer with pertinent information reasonably necessary for the dealer to determine if discrimination exists. If the manufacturer fails to furnish the dealer with the information demanded within thirty (30) days of the manufacturer's receipt of the dealer's written demand, the manufacturer shall have, in any subsequent legal proceeding, the burden of proving that the alleged violation has not occurred.
- (6) Any dealer who is discriminated against by a manufacturer in violation of subsection (3) of this section shall recover three (3) times an amount equal to the value of what the dealer would have received if the manufacturer had complied with subsection (3) of this section upon furnishing any item or opportunity to another dealer.

The House of Representatives of the Commonwealth of Kentucky hereby offers sincere commendation and applause to Travis Atwell for his phenomenal performance as an athlete at Hancock County High School, which culminated in his being selected by sportswriters and broadcasters around Kentucky as the 1999 Kentucky Mr. Football. The talent of Mr. Atwell is reflected by the impressive statistics he has amassed during his high school career where he played in the Single A program and under the skilled tutelage of Coach Mark Peach, including completing 151 of 233 passes for 2,486 yards and 34 touchdowns, rushing 251 times for 2,308 yards and 38 scores, totaling 4,794 yards and 72 touchdowns, and earning the area record for passes intercepted as a free safety. Further, Travis Atwell is congratulated for leading this outstanding team to a season record of 12 wins and 3 losses, setting a school record for most season wins, and to the school's first regional championship victory. Inasmuch as this impressive athlete has brought honor and acclaim to himself, his team and his school by the superior levels of skill and team spirit that he has consistently demonstrated, the members of this body are delighted to join Representative Mark Treesh in applauding Travis Atwell, in wishing him a very happy birthday as he turns 18, and in extending best wishes for continuing success in his college years. Representative Allen moved the adoption of the following **Legislative Citation No. 11**. Agreed.

It is the intent of the House of Representatives of the Commonwealth of Kentucky to hereby adjourn this legislative day in honor and loving memory of Madison Adair Heaverin and to express deepest sympathy to all who share in the heartfelt loss of this beloved child, the infant daughter of Ted and Donna Heaverin. This dear child was born to parents who so truly cherished her presence and promise that upon learning, prior to her birth, that she would be lost to all who loved her either before or immediately following her birth, set out to assure that her life and the lives of other children lost prior to birth would be recognized, not by a "Report of Fetal Death," but by a "Certificate of Stillbirth." Through the cooperative and earnest efforts of both legislators and the Cabinet for Health Services, an agreement to rename the official document to reflect an acknowledgment of the love families carry for their infants prior to their birth, the Commonwealth of Kentucky now issues "Certificates of Stillbirth" as a respectful gesture to those keening with their losses. The members of the House of Representatives join with Representative Woody Allen in remembering this child for her tender and remarkable presence, with sorrow for the brevity of her journey on this earth and with sincere and heartfelt condolences to all those who hold her memory within their hearts. Done in Frankfort, this fourteenth day of January, in the year of our Lord, two thousand.

HB 191, AN ACT relating to state leasing.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 56.803 is amended to read as follows:

- (1) When an agency determines that it will need office or other space, the agency shall submit a request for the acquisition of the additional space to the Department for Facilities Management in the Finance and Administration Cabinet. Except in the case of an emergency as described at KRS 56.805(3), an agency shall submit its space request in writing to the department at least ninety (90) calendar days before the space requested will be required by the agency. In the case of an emergency, an agency shall communicate its space needs to the department pursuant to KRS 56.805(3) as soon as an agency knows that it will need the space. If the commissioner of the Department for Facilities Management determines that insufficient space has been allocated to the agency making the request and that it is appropriate to lease additional space for the agency making the request, the commissioner shall acquire the space required by lease as provided by KRS 56.800 to 56.823 and KRS 43.050, 48.111, and 48.190.
- (2) The Department for Facilities Management shall review each agency space request to determine whether space suitable to meet the agency's reasonable needs may be available in a state-owned or occupied building. If it is determined that there is suitable space available in a state-owned or occupied building, the commissioner shall notify the agency. A copy of the notice shall be kept on file.
- (3) If it is determined that there is no suitable space available in a state-owned or occupied building, the department shall comply with the procedures set forth in this section in the leasing of space, except as otherwise provided in KRS 56.800 to 56.823 and KRS 43.050, 48.111, and 48.190.
- (4) The department shall draw up general requirement specifications for the space required. These general requirement specifications shall not be changed except, at the discretion of the commissioner, when the lease process is initiated again pursuant to paragraph (c) of subsection ~~(16)~~~~(15)~~ of this section or pursuant to paragraph (b) of subsection ~~(17)~~~~(16)~~ of this section. The general requirement specifications shall be kept on file.
- (5)
 - (a) In soliciting the interest of lessors who have property to let in a county where space is sought, the department shall give adequate public notice to reasonably inform persons having property to let within the county of the type of space required, the general location of the property, and the number of square feet needed. The notice may include posting on the Internet or newspaper advertisements. Each notice shall contain general information concerning the agency requirements for the space sought and shall state the last time, date, and place that written responses shall be received. When it is anticipated that a lease may be negotiated containing deviations or variations from the terms and conditions of the state standard lease form prescribed by the Division of Real Properties, within the department, any deviations or variations shall be stated in the notice.
 - (b) The Department for Facilities Management may use any means available to notify landlords that a notice has been given.
- (6) A property owner, or his representative, shall respond in writing on or before the time and date designated in the notice and shall state in the writing the type and location of the property, the name and address of the property owner, and the date of availability of the property. The department shall deal only with individuals who have submitted written responses on or before the time and date designated in the notice.
- (7) All written responses received on or before the time and date designated shall be opened or downloaded at the same time, publicly read or posted, and kept on file by the department.
- (8) Within five (5) days of the opening of written responses, the department shall transmit general requirement specifications to each person who submitted a written response on or before the time and date designated. The same general requirement specifications shall be transmitted to each person.
- (9) After the general requirement specifications have been transmitted, except as provided in paragraph (a) of subsection ~~(14)~~~~(13)~~ of this section, the commissioner, and department employees under his supervision, may negotiate with persons who submitted written responses on or before the time and date designated. If in the course of negotiations, a person proposes terms and conditions of lease different from those contained in the state standard lease form which are determined to be in the Commonwealth's best interest to accept, but no mention of the acceptability thereof has been made in the notice given pursuant to subsection (5) of this section, all other persons who submitted written responses on or before the time and date designated shall be notified of the terms and conditions and shall be allowed to incorporate the terms and conditions in written proposals when submitted pursuant to subsection ~~(13)~~~~(12)~~ of this section. A copy of each notice shall be kept on file.

2000 Regular Session

- (10) The department shall inspect each space proposed to be leased to determine its suitability to the reasonable needs of the agency for whose use the property is sought. The owner of the property, or the owner's representative, shall provide access to the property for the inspection. A report of the findings about each property inspected shall be submitted on a site evaluation form to the commissioner of the department. Completed site evaluation forms shall be kept on file.
- (11) **Based on information obtained from the property owner's response or from a site evaluation, the commissioner may eliminate from consideration properties that are impractical or not feasible for the leasing needs as set out in the notice described in subsection (4) of this section. The property owner shall be advised of his elimination and the justification for the elimination. A copy of the notification to the property owner shall be kept on file in the department.**
- (12) After the commissioner has reviewed the completed site evaluation forms, the commissioner shall inform each owner of property **not eliminated under subsection (11) of this section**, or his representative, of the steps necessary to bring the property up to general and specific requirement specifications. The commissioner shall also invite each person to submit a written proposal on a form created by the Department for Facilities Management. A copy of the form shall be provided to each bidder. A written proposal shall constitute a best and final offer. The department shall not consider a written proposal unless it is submitted on a department form on or before the time and date designated.
- ~~(13)~~~~(12)~~ All written proposals submitted on or before the time and date designated shall be opened at the same time, publicly identified by the name of the property owner and the location of the property, and kept on file.
- ~~(14)~~~~(13)~~ Except pursuant to paragraph (b) of subsection ~~(16)~~~~(15)~~ of this section, when the requirements of paragraph (a) of this subsection shall not apply, from the time that written proposals are opened until the awarding of a lease, the department:
- (a) Shall not negotiate or agree to changes in the terms of written proposals except to correct technical errors;
 - (b) Shall log in all contacts between department employees and any person with an interest in the awarding of a lease. The log shall state the time, date, place, and a summary of the substance of each contact. Each log entry shall be signed by the department employee who was contacted. After the lease is awarded, the log shall be kept as a department record.
- ~~(15)~~~~(14)~~ (a) The commissioner shall assess the proposals, taking into account factors including, but not limited to: consultation with the head of the agency for whose use the space is sought; the location and accessibility of the property to the public; its condition and state of repair; its conformity with the requirements of occupational health and safety regulations; its conformity with applicable state fire, health, safety and sanitation requirements; the proposed rental rates; utility and janitorial costs; agency moving costs; and whether the property proposed is in substantial conformity with the general and specific requirement specifications.
- (b) The commissioner shall give preference to properties in areas which have received, within the previous five (5) year period, state community development funds for revitalization if properties are offered at a competitive rate and meet the provisions of paragraph (a) of this subsection.
- ~~(16)~~~~(15)~~ The commissioner, relying exclusively on his assessment made pursuant to subsection ~~(15)~~~~(14)~~ of this section, shall:
- (a) Choose the best proposal in the interest of the Commonwealth;
 - (b) Be permitted to negotiate with a potential lessor if he was the only responsive and responsible potential lessor who submitted a proposal; or
 - (c) Except as provided in paragraph (b) of this subsection, reject all proposals when none is in the Commonwealth's best interest to accept as assessed according to the factors stated in subsection ~~(15)~~~~(14)~~ of this section and may, at his discretion, initiate the lease process again.
- ~~(17)~~~~(16)~~ (a) The commissioner shall award or decline to award a lease to the potential lessor who submitted the best proposal pursuant to paragraph (a) of subsection ~~(16)~~~~(15)~~ of this section or who negotiated with the commissioner pursuant to paragraph (b) of subsection ~~(16)~~~~(15)~~ of this section. However, the commissioner shall not award a lease to a potential lessor who negotiated with the commissioner pursuant to paragraph (b) of subsection ~~(16)~~~~(15)~~ of this section if that potential lessor's proposal after negotiations was not in the Commonwealth's best interest to accept as assessed according to the factors stated in subsection ~~(15)~~~~(14)~~ of this section, and the commissioner shall not award a lease to a person other than a potential lessor prescribed in this paragraph.
- (b) If the commissioner declines to award a lease, he may, at his discretion, initiate the lease process again.
- ~~(18)~~~~(17)~~ The commissioner shall put in writing the justifications for his decisions made pursuant to subsections ~~(16)~~~~(15)~~ and ~~(17)~~~~(16)~~ of this section. This writing shall be kept on file.
- ~~(19)~~~~(18)~~ The commissioner, all department employees under the commissioner's supervision who performed a site evaluation or negotiated a lease agreement under this section, and the head of the agency that will occupy the leased space shall sign separate certificates, devised by the commissioner, which shall provide the signatory with the option of certifying that, to the best of his knowledge, he is either aware or unaware of circumstances which may constitute a

violation of KRS 56.800 to 56.823. The Department for Facilities Management shall keep the certificates on file.

~~(20)~~~~(19)~~ The department shall notify each person who submitted a written response on or before the time and date designated in the public notice pursuant to subsection (6) of this section, but who was not awarded the lease, of the selected property to be leased, and that the person has a right to examine the leasing records relevant to the lease that was awarded. If the Capital Projects and Bond Oversight Committee, pursuant to KRS 56.823(2), will review the awarding of a lease, each notice shall state that fact. A copy of each notice shall be kept on file.

- (9) After the general requirement specifications have been transmitted, except as provided in paragraph (a) of subsection (13) of this section, the commissioner, and department employees under his supervision, may negotiate with persons who submitted written responses on or before the time and date designated. - (12) All written proposals submitted on or before the time and date designated shall be opened at the same time, publicly identified by the name of the property owner and the location of the property, and kept on file.

After the lease is awarded, the log shall be kept as a department record.
- (14)
 - (a) The commissioner shall assess the proposals, taking into account factors including, but not limited to: consultation with the head of the agency for whose use the space is sought; the location and accessibility of the property to the public; its condition and state of repair; its conformity with the requirements of occupational health and safety regulations; its conformity with applicable state fire, health, safety and sanitation requirements; the proposed rental rates; utility and janitorial costs; agency moving costs; and whether the property proposed is in substantial conformity with the general and specific requirement specifications.
 - (b) The commissioner shall give preference to properties in areas which have received, within the previous five (5) year period, state community development funds for revitalization if properties are offered at a competitive rate and meet the provisions of paragraph (a) of this subsection.
- (15) The commissioner, relying exclusively on his assessment made pursuant to subsection (14) of this section, shall:
 - (a) Choose the best proposal in the interest of the Commonwealth;
 - (b) Be permitted to negotiate with a potential lessor if he was the only responsive and responsible potential lessor who submitted a proposal; or
 - (c) Except as provided in paragraph (b) of this subsection, reject all proposals when none is in the Commonwealth's best interest to accept as assessed according to the factors stated in subsection (14) of this section and may, at his discretion, initiate the lease process again.
- (16)
 - (a) The commissioner shall award or decline to award a lease to the potential lessor who submitted the best proposal pursuant to paragraph (a) of subsection (15) of this section or who negotiated with the commissioner pursuant to paragraph (b) of subsection (15) of this section. However, the commissioner shall not award a lease to a potential lessor who negotiated with the commissioner pursuant to paragraph (b) of subsection (15) of this section if that potential lessor's proposal after negotiations was not in the Commonwealth's best interest to accept as assessed according to the factors stated in subsection (14) of this section, and the commissioner shall not award a lease to a person other than a potential lessor prescribed in this paragraph.
 - (b) If the commissioner declines to award a lease, he may, at his discretion, initiate the lease process again.
- (17) The commissioner shall put in writing the justifications for his decisions made pursuant to subsections (15) and (16) of this section. This writing shall be kept on file.
- (18) The commissioner, all department employees under the commissioner's supervision who performed a site evaluation or negotiated a lease agreement under this section, ~~and~~ the head of the agency that will occupy the leased space, and all agency employees who assisted department employees with a site evaluation or lease negotiations shall sign separate certificates, devised by the commissioner, which shall provide the signatory with the option of certifying that, to the best of his knowledge, he is either aware or unaware of circumstances which may constitute a violation of KRS 56.800 to 56.823. The Department for Facilities Management shall keep the certificates on file.
- (19) The department shall notify each person who submitted a written response on or before the time and date designated in the

public notice pursuant to subsection (6) of this section, but who was not awarded the lease, of the selected property to be leased, and that the person has a right to examine the leasing records relevant to the lease that was awarded. If the Capital Projects and Bond Oversight Committee, pursuant to KRS 56.823(2), will review the awarding of a lease, each notice shall state that fact. A copy of each notice shall be kept on file.

The leases may grant the state successive options for the automatic renewal of the lease upon the same terms and conditions for additional renewal periods of twenty-four (24) months each, not to exceed three (3) automatic renewal periods. Any lease containing provision for the automatic renewal of the lease after the expiration of the initial lease term shall also provide that the state may, upon written notice given to the lessor on or before April 15 of the year in which the initial or any automatic renewal term expires, elect not to exercise its option for the automatic renewal of the lease term. Subject to the agreement of the lessor, a lease in which the final automatic renewal period has expired, or will expire as of the end of the then current term, may be renewed upon the same terms and conditions, provisions of KRS 56.803 to the contrary notwithstanding.
- (2) The Department for Facilities Management shall comply with the provisions of this subsection when calculating rentable area for the purposes of a lease.
 - (a) If the Commonwealth is the only tenant on a single floor of a multistory building, the rentable area shall be the entire area described by measuring to the inside finished surface of the dominant portion of the permanent outer building walls, excluding any major vertical penetrations of the floor which shall include, but not be limited to, stairways, elevator shafts, pipe chases, vertical air ducts, and the enclosing wall of all such excluded areas. Restrooms, corridors, and utility rooms which exclusively serve the floor occupied by the Commonwealth shall be included as part of the rentable area.
 - (b) If the Commonwealth is the only tenant in a one (1) story or multistory building, rentable area shall be calculated pursuant to the provisions of paragraph (a) of this subsection except that those areas excluded pursuant to paragraph (a) shall be included as part of the rentable area.
 - (c) If the Commonwealth shares a floor with one (1) or more other tenants, the rentable area shall be calculated by measuring from the inside finished surface of the dominant portion of the permanent outer building walls to the office side of every corridor wall or other wall separating the Commonwealth's leased space from other adjacent rentable areas which shall include, but not be limited to, space under the control of another tenant, public corridors, restrooms, all common service and utility areas, stairways, elevator shafts, vertical pipe chases, and air ducts.
 - (d) The Commonwealth's rentable area determined pursuant to paragraphs (a), (b), and (c) of this subsection shall include columns and projections necessary to the building.
- (3) The Finance and Administration Cabinet may include in a lease an option to purchase the leased property or a lease-purchase of the leased property.

Two (2) competent and qualified real estate appraisers shall each determine the fair market value. Each real estate appraiser shall be selected by the Finance and Administration Cabinet and shall employ an accepted appraisal technique.
- (5) (a) Except as provided in paragraph (b) of this subsection, if the Finance and Administration Cabinet includes in a lease the lease-purchase of the leased property, two (2) competent and qualified real estate appraisers shall each

Each appraiser shall be selected by the Finance and Administration Cabinet and shall employ an accepted appraisal technique. The lease shall provide for an initial lease term ending June 30 of the second year of the then current fiscal biennium of the Commonwealth, with the option of the Commonwealth, as lessee, to extend the term of the lease for a term of two (2) years from the expiration of each extended term of the lease, until the original term of the lease has been extended for a total number of years agreed upon by the parties. The agreed rental paid for the original term and for each of the full number of years for which the term of the lease may be extended shall amortize the fair market value of the leased property as of the time the lessor and the Commonwealth entered into the lease. The lease shall provide that the Commonwealth may, at the expiration of the original or any extended term, purchase the leased property at a stated price, which shall be the balance of the fair market value of the leased property as of the time the lease was entered into which has not been amortized by the payments of rent previously made by the Commonwealth.

- (b) If the Finance and Administration Cabinet includes lease-purchase of the leased property in a lease with the federal government, the terms of the lease-purchase shall be determined through negotiations between the Commonwealth and the federal government.
- (6) Except when a lease incorporates a lease-purchase pursuant to subsection (5) of this section, the Commonwealth shall reserve the right to cancel a lease upon written notice within thirty (30) ~~days~~, ~~sixty (60), or ninety (90) days, whichever is specified in the lease agreement~~.

HB 202, AN ACT relating to inherited metabolic disease.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 205.560 is amended to read as follows:

- (1) The scope of medical care for which the Cabinet for Health Services undertakes to pay shall be designated and limited by regulations promulgated by the cabinet, pursuant to the provisions in this section. Within the limitations of any appropriation therefor, the provision of complete upper and lower dentures to recipients of Medical Assistance Program benefits who have their teeth removed by a dentist resulting in the total absence of teeth shall be a mandatory class in the scope of medical care. Payment to a dentist of any Medical Assistance Program benefits for complete upper and lower dentures shall only be provided on the condition of a preauthorized agreement between an authorized representative of the Medical Assistance Program and the dentist prior to the removal of the teeth. The selection of another class or other classes of medical care shall be recommended by the council to the secretary for health services after taking into consideration, among other things, the amount of federal and state funds available, the most essential needs of recipients, and the meeting of such need on a basis insuring the greatest amount of medical care as defined in KRS 205.510 consonant with the funds available, including, but not limited to, the following categories, except where the aid is for the purpose of obtaining an abortion:
- (a) Hospital care, including drugs, and medical supplies and services during any period of actual hospitalization;
 - (b) Nursing-home care, including medical supplies and services, and drugs during confinement therein on prescription of a physician, dentist, or podiatrist;
 - (c) Drugs, nursing care, medical supplies, and services during the time when a recipient is not in a hospital but is under treatment and on the prescription of a physician, dentist, or podiatrist. ***For purposes of this paragraph, drugs shall include those amino acid modified preparations and low-protein modified food products for the treatment of inherited metabolic diseases, including, but not limited to, phenylketonuria (PKU), if the amino acid modified preparations or low-protein modified food products are prescribed for the therapeutic treatment of inherited metabolic diseases and are administered under the direction of a physician;***
 - (d) Physician, podiatric, and dental services;
 - (e) Optometric services for all age groups shall be limited to prescription services, services to frames and lenses, and diagnostic services provided by an optometrist, to the extent the optometrist is licensed to perform the services and to the extent the services are covered in the ophthalmologist portion of the physician's program. Eyeglasses shall be provided only to children under age twenty-one (21);
 - (f) Drugs on the prescription of a physician used to prevent the rejection of transplanted organs if the patient is indigent;
 - (g) Nonprofit neighborhood health organizations or clinics where some or all of the medical services are provided by licensed registered nurses or by advanced medical students presently enrolled in a medical school accredited by the Association of American Medical Colleges and where the students or licensed registered nurses are under the direct supervision of a licensed physician who rotates his services in this supervisory capacity between two (2) or more of the nonprofit neighborhood health organizations or clinics specified in this paragraph;
 - (h) Services provided by health-care delivery networks as defined in KRS 216.900; and
 - (i) Services provided by midlevel health-care practitioners as defined in KRS 216.900.
- (2) Payments for hospital care, nursing-home care, and drugs or other medical, ophthalmic, podiatric, and dental supplies shall be on bases which relate the amount of the payment to the cost of providing the services or supplies. It shall be one

- (1) of the functions of the council to make recommendations to the Cabinet for Health Services with respect to the bases for payment. In determining the rates of reimbursement for long-term-care facilities participating in the Medical Assistance Program, the Cabinet for Health Services shall, to the extent permitted by federal law, not allow the following items to be considered as a cost to the facility for purposes of reimbursement:
- (a) Motor vehicles that are not owned by the facility, including motor vehicles that are registered or owned by the facility but used primarily by the owner or family members thereof;
 - (b) The cost of motor vehicles, including vans or trucks, used for facility business shall be allowed up to fifteen thousand dollars (\$15,000) per facility, adjusted annually for inflation according to the increase in the consumer price index-u for the most recent twelve (12) month period, as determined by the United States Department of Labor. Medically equipped motor vehicles, vans, or trucks shall be exempt from the fifteen thousand dollar (\$15,000) limitation. Costs exceeding this limit shall not be reimbursable and shall be borne by the facility. Costs for additional motor vehicles, not to exceed a total of three (3) per facility, may be approved by the Cabinet for Health Services if the facility demonstrates that each additional vehicle is necessary for the operation of the facility as required by regulations of the cabinet;
 - (c) Salaries paid to immediate family members of the owner or administrator, or both, of a facility, to the extent that services are not actually performed and are not a necessary function as required by regulation of the cabinet for the operation of the facility. The facility shall keep a record of all work actually performed by family members;
 - (d) The cost of contracts, loans, or other payments made by the facility to owners, administrators, or both, unless the payments are for services which would otherwise be necessary to the operation of the facility and the services are required by regulations of the Cabinet for Health Services. Any other payments shall be deemed part of the owner's compensation in accordance with maximum limits established by regulations of the Cabinet for Health Services. Interest paid to the facility for loans made to a third party may be used to offset allowable interest claimed by the facility;
 - (e) Private club memberships for owners or administrators, travel expenses for trips outside the state for owners or administrators, and other indirect payments made to the owner, unless the payments are deemed part of the owner's compensation in accordance with maximum limits established by regulations of the Cabinet for Health Services; and
 - (f) Payments made to related organizations supplying the facility with goods or services shall be limited to the actual cost of the goods or services to the related organization, unless it can be demonstrated that no relationship between the facility and the supplier exists. A relationship shall be considered to exist when an individual, including brothers, sisters, father, mother, aunts, uncles, and in-laws, possesses a total of five percent (5%) or more of ownership equity in the facility and the supplying business. An exception to the relationship shall exist if fifty-one percent (51%) or more of the supplier's business activity of the type carried on with the facility is transacted with persons and organizations other than the facility and its related organizations.
- (3) No vendor payment shall be made unless the class and type of medical care rendered and the cost basis therefor has first been designated by regulation.
- (4) The rules and regulations of the Cabinet for Health Services shall require that a written statement, including the required opinion of a physician, shall accompany any claim for reimbursement for induced premature births. This statement shall indicate the procedures used in providing the medical services.
- (5) The range of medical care benefit standards provided and the quality and quantity standards and the methods for determining cost formulae for vendor payments within each category of public assistance and other recipients shall be uniform for the entire state, and shall be designated by regulation promulgated within the limitations established by the Social Security Act and federal regulations. It shall not be necessary that the amount of payments for units of services be uniform for the entire state but amounts may vary from county to county and from city to city, as well as among hospitals, based on the prevailing cost of medical care in each locale and other local economic and geographic conditions, except that insofar as allowed by applicable federal law and regulation, the maximum amounts reimbursable for similar services rendered by physicians within the same specialty of medical practice shall not vary according to the physician's place of residence or place of practice, as long as the place of practice is within the boundaries of the state.
- (6) Nothing in this section shall be deemed to deprive a woman of all appropriate medical care necessary to prevent her physical death.
- (7) To the extent permitted by federal law, no medical assistance recipient shall be recertified as qualifying for a level of long-term care below the recipient's current level, unless the recertification includes a physical examination conducted by a physician licensed pursuant to KRS Chapter 311 or by an advanced registered nurse practitioner licensed pursuant to KRS Chapter 314 and acting under the physician's supervision.
- (8) If payments made to community mental health centers, established pursuant to KRS Chapter 210, for services provided to the mentally retarded exceed the actual cost of providing the service, the balance of the payments shall be used solely for the provision of other services to the mentally retarded through community mental health centers.

- (9) No long-term-care facility, as defined in KRS 216.510, providing inpatient care to recipients of medical assistance under Title XIX of the Social Security Act on July 15, 1986, shall deny admission of a person to a bed certified for reimbursement under the provisions of the Medical Assistance Program solely on the basis of the person's paying status as a Medicaid recipient. No person shall be removed or discharged from any facility solely because they became eligible for participation in the Medical Assistance Program, unless the facility can demonstrate the resident or the resident's responsible party was fully notified in writing that the resident was being admitted to a bed not certified for Medicaid reimbursement. No facility may decertify a bed occupied by a Medicaid recipient or may decertify a bed that is occupied by a resident who has made application for medical assistance.
- (10) Family-practice physicians practicing in geographic areas with no more than one (1) primary-care physician per five thousand (5,000) population, as reported by the United States Department of Health and Human Services, shall be reimbursed one hundred twenty-five percent (125%) of the standard reimbursement rate for physician services.
- (11) The Cabinet for Health Services may make payments under the Medical Assistance program for services which are within the lawful scope of practice of a chiropractor licensed pursuant to KRS Chapter 312, to the extent the Medical Assistance Program pays for the same services provided by a physician.

Section 2. KRS 213.141 is amended to read as follows:

- (1) Except as provided in subsection (2) of this section, the cabinet shall prescribe by regulation a fee not to exceed five dollars (\$5), to be paid for certified copies of certificates or records, or for a search of the files or records when no copy is made, or for copies or information provided for research, statistical, or administrative purposes.
- (2) The cabinet shall prescribe by administrative regulation pursuant to KRS Chapter 13A a fee not to exceed ~~ten~~^{nine} dollars ~~(\$10)~~^(\$9) to be paid for a certified copy of a record of a birth, three dollars (\$3) of which shall be used by the Cabinet for Health Services or the Cabinet for Families and Children for the sole purpose of contracting for the operation of private, not-for-profit, self-help, education, and support groups for parents who want to prevent or cease physical, sexual, or mental abuse of children, and one dollar (\$1) of which shall be used by the Division of Maternal and Child Health to pay for amino acid modified preparations and low-protein modified food products for the treatment of inherited metabolic diseases, including, but not limited to, phenylketonuria (PKU), if:
 - (a) The amino acid modified preparations or low-protein modified food products are prescribed for the therapeutic treatment of inherited metabolic diseases and are administered under the direction of a physician; and
 - (b) The affected person is not covered under any public or private health benefit plan.
- (3) Fees collected under this section by the state registrar shall be used to help defray the cost of administering the system of vital statistics.
- (4) No fee or compensation shall be allowed or paid for furnishing certificates of birth or death required in support of any claim against the government for compensation, insurance, back pay, or other allowances or benefits for any person who has at any time served as a member of the Army, Navy, Marine Corps, or Air Force of the United States.
- (5) The cabinet shall notify the State Board of Elections monthly of the name, address, birthdate, sex, race, and Social Security number of residents of the Commonwealth who died during the previous month. This data shall include only those persons who were over the age of eighteen (18) years at the date of death. No fee or compensation shall be allowed for furnishing these lists.

Section 3. KRS 214.155 is amended to read as follows:

- (1) The administrative officer or other person in charge of each institution caring for infants twenty-eight (28) days or less of age and the person required in pursuance of the provisions of KRS 213.046 shall register the birth of a child, and cause to have administered to every such infant or child in its or his care tests for inborn errors of metabolism, including but not limited to phenylketonuria (PKU), in accordance with rules or regulations prescribed by the secretary of the Cabinet for Health Services. Testing, recording, and reporting of the results of such tests shall be performed at such times and in such manner as may be prescribed by the secretary of the Cabinet for Health Services or his designee. The secretary of the Cabinet for Health Services shall by regulation establish and collect fees to cover the cost of analyzing the testing samples for inborn errors of metabolism.
- (2) Nothing in this section shall be construed to require the testing of any child whose parents are members of a nationally recognized and established church or religious denomination, the teachings of which are opposed to medical tests, and who object in writing to the testing of such child on that ground.
- (3) The cabinet shall make available the names and addresses of health care providers, including, but not limited to, physicians, nurses, and nutritionists, who may provide postpartum home visits to any family whose infant or child has tested positive for an inborn error of metabolism, including, but not limited to, PKU.

SECTION 4. A NEW SECTION OF SUBTITLE 17A OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

- (1) A health benefit plan that provides coverage for a family or dependent shall provide coverage of a newly born child of the insured from the moment of birth.

- (2) Coverage for a newly born child shall consist of coverage of injury or sickness, including the necessary care and treatment of medically diagnosed congenital defects and birth abnormalities, including molecular defects causing inherited metabolic diseases.
- (3) If payment of a specific premium or fee is required to provide coverage for a child, the policy or contract may require that notification of birth of a newly born child and payment of the required premium or fees must be furnished to the insurer within thirty-one (31) days after the date of birth in order to have the coverage continue beyond that thirty-one (31) day period.
- (4) (a) For purposes of this subsection:
1. "Amino acid modified preparation" means a product intended for the dietary treatment of an inherited metabolic disease under the direction of a physician; and
 2. "Low-protein modified food" means a product formulated to have less than one (1) gram of protein per serving and intended for the dietary treatment of an inherited metabolic disease under the direction of a physician.
- (b) A health benefit plan that provides prescription drug coverage shall provide that coverage for amino acid modified preparations and low-protein modified food products for the treatment of inherited metabolic diseases if the amino acid products are prescribed for the therapeutic treatment of inherited metabolic diseases and are administered under the direction of a physician. Coverage under this subsection shall be subject, for each plan year, to a cap of four thousand dollars (\$4,000) on individual dietary prescription expenditures, subject to annual inflation adjustments.
- (5) The requirements of this section shall apply to all health benefit plans delivered on and after the effective date of this Act.

The Committee Substitute No. 1 to **HB 202** is as follows:

This subsection shall also apply in any criminal proceeding in District or Circuit Court regarding a dependent, neglected, or abused child.
- (3) Upon receipt of a report of an abused, neglected, or dependent child pursuant to this chapter, the cabinet as the designated agency or its delegated representative shall initiate a prompt investigation, take necessary action, and shall offer protective services toward safeguarding the welfare of the child. The cabinet shall work toward preventing further dependency, neglect, or abuse of the child or any other child under the same care, and preserve and strengthen family life, where possible, by enhancing parental capacity for adequate child care.

- (6) Information may be publicly disclosed by the cabinet in a case where child abuse or neglect has resulted in a child fatality or near fatality.
- (7) When an adult who is the subject of information made confidential by subsection (4) of this section publicly reveals or causes to be revealed any significant part of the confidential matter or information, the confidentiality afforded by subsection (4) of this section is presumed voluntarily waived and confidential information and records about the person making or causing the public disclosure, not already disclosed but related to the information made public, may be disclosed if disclosure is in the best interest of the child or is necessary for the administration of the cabinet's duties under this chapter.
- (8) As a result of any report of suspected child abuse or neglect, photographs and X-rays or other appropriate medical diagnostic procedures may be taken or caused to be taken, without the consent of the parent or other person exercising custodial control or supervision of the child, as a part of the medical evaluation or investigation of such reports. Such photographs and X-rays or results of other medical diagnostic procedures may be introduced into evidence in any subsequent judicial proceedings. The person performing the diagnostic procedures or taking such photographs or X-rays shall be immune from criminal or civil liability for having performed the act. Nothing herein shall limit liability for negligence.

The family member shall have the opportunity to waive confidentiality requirements of this section and file the grievance with the cabinet. The grievance shall state with particularity the complete grounds for the belief that the civil rights have been violated or that the administrative appeals process has been unsatisfactory, and shall contain the family member's name, address, and telephone number. WHEREAS, in 2001, the first year of the new millennium, Kentucky will host the International Highland Games at Glasgow, Kentucky; thus, it is appropriate and fitting that Kentucky have an official Kentucky Tartan that can be worn with pride and honor, and that represents the many early settlers and trailblazers of this great Commonwealth that were of American Scottish descent; and

WHEREAS, Kentucky is bounded on the north by the Ohio River and on the west by the Mississippi River, and between these boundaries are two of the largest man-made lakes in the world, Kentucky Lake and Lake Barkley, and the blue water of these rivers, lakes, and other streams is represented by the blue in the Kentucky Tartan; and

WHEREAS, Kentucky was the birthplace of both presidents in the Civil War, Abraham Lincoln, born in Hodgenville in Larue County, and Jefferson Davis, born near Fairview in Christian County, and the Kentucky Tartan's blue and gray represents the brave soldiers who fought during the Civil War; and

WHEREAS, the green and bluegreen in the Tartan represents Kentucky's bluegrass where magnificent thoroughbreds graze and frolic among the few that are training for the Kentucky Derby which is held each year on the first Saturday of May; and

WHEREAS, Kentucky is located in the geographic area known as the Bible Belt; many brave and courageous Kentuckians of American Scottish descent fought and died for religious freedom and independence, and white in the Kentucky Tartan represents their purity, goodness, bravery and valor; and

WHEREAS, the official state bird is the Kentucky Cardinal, and red in the Tartan represents the precious blood that was shed by many American Scottish citizens of this great Commonwealth in the defense of freedom; and

WHEREAS, the Tartan's bright yellow represents the Goldenrod, Kentucky's state flower; and the black "window pane check" in the Tartan represents the Commonwealth's coal and oil resources;

SECTION 3. A NEW SECTION OF KRS CHAPTER 147A IS CREATED TO READ AS FOLLOWS:

These plans shall be reviewed and, if necessary, amended not less than every two (2) years. These plans may cover a period of time as determined by the Governor or the directing state agency. Unless otherwise directed by the Governor or the affected state agency, these plans are to be completed biennially by April 1st, beginning in 2001. A copy of each plan shall be delivered to the Governor, directing state agency, if applicable, and the Legislative Research Commission for distribution to the appropriate state agencies and committees of the General Assembly.

- (2) In any case where a person has acquired or is proposing to acquire any voting securities in violation of this ~~chapter~~_{subtitle} or any rule, administrative regulation, or order issued by the commissioner, the Circuit Court for Franklin County or the Circuit Court for the county in which the insurer has its principal place of business may, upon notice the court deems appropriate, upon the application of the insurer or the commissioner seize or sequester any voting securities of the insurer owned directly or indirectly by the person, and issue the appropriate order to effectuate the provisions of this subtitle.
- (3) Notwithstanding any other provisions of law, for the purposes of this ~~chapter~~_{subtitle} the situs of the ownership of the securities of domestic insurers shall be deemed to be in this state.

Upon the issuance of a new license, the old license shall be destroyed by the sheriff. A licensee who fails to file a renewal application on or before its expiration date may renew his license by paying, in addition to the license fees, a late fee of fifteen dollars (\$15). No license shall be renewed six (6) months or more after its expiration date, and the license shall be deemed to be permanently expired six (6) months after its expiration date. A person whose license has permanently expired may reapply for licensure pursuant to subsections (5), (6) and (7) of this section.
- (13) No license issued pursuant to this section shall authorize any person to carry a concealed firearm into:
- (a) Any police station or sheriff's office;
 - (b) Any detention facility, prison, or jail;

- (c) Any courthouse, solely occupied by the Court of Justice courtroom, or court proceeding, except that nothing in this section shall preclude a judge from carrying a concealed weapon;
 - (d) Any meeting of the governing body of a county, municipality, or special district; or any meeting of the General Assembly or a committee of the General Assembly, except that nothing in this section shall preclude a member of the body, holding a concealed deadly weapon license, from carrying a concealed deadly weapon at a meeting of the body of which he is a member;
 - (e) Any portion of an establishment licensed to dispense beer or alcoholic beverages for consumption on the premises, which portion of the establishment is primarily devoted to that purpose;
 - (f) Any elementary or secondary school facility without the consent of school authorities as provided in KRS 527.070, any child-caring facility as defined in KRS 199.011, any day-care center as defined in KRS 199.894, or any certified family child-care home as defined in KRS 199.8982, except however, any owner of a certified child-care home may carry a concealed firearm into the owner's residence used as a certified child-care home;
 - (g) An area of an airport to which access is controlled by the inspection of persons and property;
 - (h) Any church, synagogue, house of worship, or other property owned, leased, or otherwise used and operated by a religious organization in the furtherance of a religious purpose, unless the person carrying the concealed deadly weapon has a concealed deadly weapon license and is the pastor of the church or an officer of the church; or
 - (i) Any place where the carrying of firearms is prohibited by federal law.
- (14) The owner, business or commercial lessee, or manager of a private business enterprise, day-care center as defined in KRS 199.894 or certified or licensed family child-care home as defined in KRS 199.8982, or a health-care facility licensed under KRS Chapter 216B, except facilities renting or leasing housing, may prohibit persons holding concealed deadly weapon licenses from carrying concealed deadly weapons on the premises and may prohibit employees, not authorized by the employer, holding concealed deadly weapons licenses from carrying concealed deadly weapons on the property of the employer. If the building or the premises are open to the public, the employer or business enterprise shall post signs on or about the premises if carrying concealed weapons is prohibited. Possession of weapons in a vehicle on the premises shall not be a criminal offense so long as the weapons are not removed from the vehicle or brandished while the vehicle is on the premises. A private but not a public employer may prohibit employees or other persons holding a concealed deadly weapons license from carrying concealed deadly weapons in vehicles owned by the employer, but may not prohibit employees or other persons holding a concealed deadly weapons license from carrying concealed deadly weapons in vehicles owned by the employee, except that the Justice Cabinet may prohibit an employee from carrying any weapons, other than the weapons issued or authorized to be used by the employee of the cabinet, in a vehicle while transporting persons under the employee's supervision or jurisdiction. Carrying of a concealed weapon in a location specified in this subsection by a license holder shall not be a criminal act but may subject the person to denial from the premises or removal from the premises, and, if an employee of an employer, disciplinary measures by the employer.
- (15) All moneys collected by the Department of State Police pursuant to this section shall be used to administer the provisions of this section. By March 1 of each year, the Department of State Police and the Administrative Office of the Courts shall submit reports to the Governor, the President of the Senate, and the Speaker of the House of Representatives, indicating the amounts of money collected and the expenditures related to this section and KRS 237.115, 244.125, 527.020, and 527.070, and the administration of the provisions of this section and KRS 237.115, 244.125, 527.020, and 527.070.
- (16) The General Assembly finds as a matter of public policy that it is necessary to provide statewide uniform standards for issuing licenses to carry concealed firearms and to occupy the field of regulation of the bearing of concealed firearms to ensure that no person who qualifies under the provisions of this section is denied his rights. The General Assembly does not delegate to the Department of State Police the authority to regulate or restrict the issuing of licenses provided for in this section beyond those provisions contained in this section. This section shall be liberally construed to carry out the constitutional right to bear arms for self-defense.
- (17) (a) A person who has a valid license issued by another state of the United States to carry a concealed deadly weapon in that state may, subject to provisions of Kentucky law, carry a concealed deadly weapon in Kentucky, and his license shall be considered as valid in Kentucky.
- (b) The Department of State Police shall, not later than thirty (30) days after July 15, 1998, and not less than once every six (6) months thereafter, make written inquiry of the concealed deadly weapon carrying licensing authorities in each other state as to whether a Kentucky resident may carry a concealed deadly weapon in their state based upon having a valid Kentucky concealed deadly weapon license, or whether a Kentucky resident may apply for a concealed deadly weapon carrying license in that state based upon having a valid Kentucky concealed deadly weapon license. The Department of State Police shall attempt to secure from each other state permission for Kentucky residents who hold a valid Kentucky concealed deadly weapon license to carry concealed deadly weapons in that state, either on the basis of the Kentucky license or on the basis that the Kentucky license is sufficient to permit the issuance of a similar license by the other state. The Department of State Police shall enter into a written reciprocity agreement with the appropriate agency in each state that agrees to permit Kentucky residents to carry concealed deadly weapons in the other state on the basis of a Kentucky-issued concealed deadly

weapon license or that will issue a license to carry concealed deadly weapons in the other state based upon a Kentucky concealed deadly weapon license. If a reciprocity agreement is reached, the requirement to recontact the other state each six (6) months shall be eliminated as long as the reciprocity agreement is in force. The information shall be a public record and shall be available to individual requesters free of charge for the first copy and at the normal rate for open records requests for additional copies.

- (18) By March 1 of each year, the Department of State Police shall submit a statistical report to the Governor, the President of the Senate, and the Speaker of the House of Representatives, indicating the number of licenses issued, revoked, suspended, and denied since the previous report and in total and also the number of licenses currently valid. The report shall also include the number of arrests, convictions, and types of crimes committed since the previous report by individuals licensed to carry concealed weapons.

The background check shall include all records in the cabinet's possession since 1972 or earlier if records exist.

The purpose of the multidisciplinary team shall be to review investigations, assess service delivery, and to facilitate efficient and appropriate disposition of cases through the criminal justice system.

If, after resuscitation has been attempted on a patient who the protocol deems is capable of being resuscitated, the patient has not been successfully resuscitated according to the protocol, the nurse may discontinue further resuscitation efforts and proceed to determine whether the patient is dead and whether to declare the patient dead. If it is determined that death has occurred in accordance with the procedures of KRS 446.400 with regard to patients who have not been resuscitated, the registered nurse may make the actual determination and pronouncement of death. Except as provided in subsection (2), this section shall not apply to patients who are in a hospital when apparent death occurs.

- (2) *A registered nurse may make the actual determination and pronouncement of death when a patient in a hospital or nursing facility is apparently dead if the nurse's immediate supervisor has verified the death by determining that the conditions of KRS 446.400 have been met.*
- (3) In the event that a registered nurse determines that a person is dead, the registered nurse shall make the notifications required by KRS 72.020 and take the protective actions required by that statute.

The administration of advanced cardiac life support procedures by any person, other than a paramedic rendering care pursuant to KRS 311.660, prior to the arrival of the registered nurse shall preclude the determination of death by the registered nurse, and the provisions of KRS 446.400 shall apply. However, nothing in this section shall preclude the supervising physician from directing the registered nurse to cease resuscitative efforts under approved agency medical protocols.

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 147A IS CREATED TO READ AS FOLLOWS:

A Railtrail Development Office is hereby created within the Department for Local Government. The office shall be staffed by at least one (1) full-time professional to be known as the Commonwealth's railtrail development officer who shall have practical experience and training in the process of converting railroad corridors into nonmotorized public use trails. The

department shall insure that the office has the necessary expertise to carry out the requirements imposed upon it by this section. Among other railtrail functions and duties which may be assigned to it, the office shall carry on at least the following responsibilities:

- (1) The office shall monitor the proceedings of the United States Department of Transportation's Surface Transportation Board and shall disseminate to interested entities in Kentucky information regarding those proceedings of interest to railtrail conversion or policy in the Commonwealth. If a railroad applies to the Surface Transportation Board for authority to discontinue service over or abandon a railroad corridor in the Commonwealth, the office shall immediately notify those political subdivisions through which the corridor passes and any interested state agency of the proceedings and the potential for trail development of the corridor. The office may similarly notify any other interested entity of the proceeding. If time is of the essence and it appears that the corridor is a suitable candidate for conversion to a railtrail and that no other railtrail interested entity will be participating in the federal proceeding, the office shall take those steps necessary to cause a railbanking or public use condition to be imposed in the federal proceeding;
- (2) The office shall assist any requesting political subdivision or agency of state government with assistance on any application to the Surface Transportation Board regarding an abandoned or about to be abandoned railroad corridor, including any requests for railbanking or imposition of public use conditions;
- (3) The office shall coordinate and promote railtrail development efforts among the various agencies of state government, including the Department of Parks and the Transportation Cabinet. While this subsection does not confer upon the office any powers beyond those that it may ordinarily possess, every entity of state government shall cooperate with the office to the extent practicable under the circumstances;
- (4) The office shall furnish to requesting political subdivisions assistance in applying to available federal, state, or local funding sources for funds to be used for the process of converting railroad corridors into public use trails;
- (5) The office shall compile and disseminate to requesting parties information regarding various aspects of the process of converting railroad corridors into public use trails;
- (6) The office may apply for federal, state, or private grants or other forms of financial assistance to carry on its mission; and
- (7) The office shall annually transmit to each area development district, local historical society, local chamber of commerce, the Kentucky Association of Counties, and other pertinent local government, business, travel, or recreational organizations an annual report detailing the potential for railtrail development in the Commonwealth and the current status of and future expectations for that development.

SECTION 2. A NEW SECTION OF KRS CHAPTER 147A IS CREATED TO READ AS FOLLOWS:

The Department for Local Government shall develop and distribute by December 31, 2000, with biennial updates thereafter, a booklet on the processes and techniques available to state government and the Commonwealth's political subdivisions for the creation and maintenance of railtrails in the Commonwealth. Upon completion of the booklet and future updates, the department shall distribute without cost that booklet or update to each county and incorporated city government. The booklet shall be made available to any other political subdivision without cost and to the public at its reproduction cost. The booklet shall be written in plain language emphasizing the practical and legal aspects of creating a railtrail, setting out deadlines, procedures, legal authority, funding sources, and the like in a manner designed to assist, from start to finish, a government official who is not an attorney in creating a railtrail. Topics covered in the booklet shall include, but not limited to:

- (1) Federal and state law relating to the creation of a railtrail including not only the process of railbanking but also other means of creating a railtrail where railbanking is no longer an option;
- (2) Potential funding sources at both the federal and state level, listing application procedures and informational contacts as to each funding source;
- (3) Identification of various financing alternatives for the purchase, construction, and maintenance of a railtrail;
- (4) Information on techniques and resources available to meet concerns of adjoining landowners as to the creation and operation of a railtrail so that the trail may be a good neighbor; and
- (5) General information on building and maintaining the railtrail with information on where and how to obtain additional sources of information.

SECTION 3. A NEW SECTION OF KRS CHAPTER 277 IS CREATED TO READ AS FOLLOWS:

- (1) Any organization recognized as exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code, agency of state government, or political subdivision or city of this state holding or acquiring a railroad corridor may preserve the corridor for future railroad use while utilizing the right-of-way in the interim for nonmotorized public recreational use by filing with the Secretary of State a "Declaration of State Railbanking", concurrently serving a copy of the declaration on the Transportation Cabinet. The declaration shall contain the name and address of the filing entity, a textual description and map of the railroad corridor being railbanked, a statement that the entity accepts full responsibility for managing the corridor, for any legal liability arising out of the use of the corridor or, if the entity is immune from suit, that the entity agrees to indemnify the railroad for any liability arising out of the use of the corridor,

and for the payment of all taxes which may validly be assessed against the corridor, and a declaration that the property is being railbanked in accordance with the provisions of Kentucky law in that the corridor is held open for future restoration of rail service and that this section only grants authority for the corridor to be utilized for nonmotorized public recreational use during the interim.

- (2) Any property that is the subject of a declaration of state railbanking, including property held by easement, shall, during the period a declaration of state railbanking remains in force, be deemed to be held for a railroad use and shall not revert to any other form of ownership. Until rail service is restored over the corridor, the declaration of state railbanking shall only authorize the use of the corridor for public, nonmotorized recreational use, with associated infrastructure. However, a declaration of state railbanking shall not preclude any public utility usage of the corridor if that usage is otherwise permitted under other applicable law. For the specific purpose of allowing railbanking under this section, an easement for railroad use shall not be deemed abandoned until the person holding the easement conveys the easement to another person for a nonrailroad use, title to the easement and the underlying estate comes into the hands of the same owner by conveyance, the easement owner files a disclaimer in the office of the county clerk of the county where the property is situated disclaiming all interest in the corridor, or the easement is declared abandoned by judicial decree.
- (3) Property railbanked under this section shall be held available for purchase by any bona fide purchaser for the restoration of rail service over the property. The following requirements shall apply to any transfer of property in contemplation of the restoration of railroad service:
 - (a) The entity owning the trail shall be compensated for the fair market value of the corridor together with any improvements erected thereon. Funds received by the entity under this paragraph shall be held in trust for the benefit of the public;
 - (b) All required federal and state permits and authority to reactivate and operate a railroad over the corridor shall be obtained prior to the transfer of title;
 - (c) Adequate bond with good surety shall be posted ensuring that the railroad will be constructed, with the bond being used to cover the cost of restoring the corridor to its physical condition prior to transfer for railroad use if the requirements of this section not be met; and
 - (d) The physical infrastructure necessary to operate the railroad, including tracks, ties, frogs, signaling equipment, grade crossings, and the like, shall be in place one (1) year from the date of the transfer. Train service shall be in place and operating two (2) years, from the date of the transfer. If these timelines are not met, the corridor and all associate physical improvements thereon shall automatically forfeit to the ownership of the entity responsible for railbanking the corridor under this section.
- (4) Any person aggrieved by the act of railbanking a railroad corridor under the provisions of this section shall bring their claims within one (1) year after the declaration of state railbanking has been filed with the Kentucky Secretary of State. Any entity against whom a claim is asserted may utilize as an offset or setoff to the amount of any recovery those amounts in state or local taxes, together with interest and penalties, that have not been paid on the value of the property through which the claimant asserts title.
- (5) Any entity which caused a declaration of state railbanking to be filed shall cause the declaration to be vacated on the files on the Secretary of State upon the cessation of use of the corridor as a nonmotorized public use trail or the reactivation of railroad service over the corridor.

SECTION 4. A NEW SECTION OF KRS CHAPTER 277 IS CREATED TO READ AS FOLLOWS:

- (1) It is the public policy of this state to preserve railroad corridors for future railroad use. Toward this end, the Commonwealth recognizes that the salvage of tracks, ties, signaling equipment, ballast, and other items may indicate an intent to maximize return on present investment and not an intent to abandon any underlying easement for railroad or other use and that the obtaining of federal authority to discontinue service over or abandon a corridor does not necessarily indicate an intent to relinquish any property interests under state law. In any civil action to determine the status of a railroad use easement, ambiguity as to intent shall be resolved in favor of continued preservation of the corridor.
- (2) Any holder of a railroad corridor held by easement or otherwise may preserve that corridor by filing with the Secretary of State a "Preliminary Declaration of State Railbanking", concurrently serving a copy of the declaration on the Transportation Cabinet. The declaration shall state the name of the entity holding the corridor, a textual description and map of the land area encompassed by the corridor, and a statement that the entity does not intend to abandon the corridor described in the declaration. The entity filing the declaration may at any later time cause that declaration to be withdrawn from the Secretary of State's files. While a preliminary declaration of state railbanking is on file with the Secretary of State, the corridor set out in the declaration shall not, regardless of the status or conclusion of any federal regulatory proceeding or the salvage of track and other material from the corridor, be deemed abandoned and shall continue to exist under Kentucky law and the property encompassed by the corridor shall not revert to any other form of ownership.

Section 5. KRS 148.690 is amended to read as follows:

- (1) The department shall review all formal declarations of railroad right-of-way abandonments by the Surface Transportation Board or other agency with jurisdiction and may review former railroad corridors for possible inclusion in the state trails system. The commissioner shall, within three (3) years after the route of a trail or trail segment included in the system has been located, determine the boundaries of the right-of-way to be associated with that trail. Such boundaries shall be established in such a manner that they protect the scenic value of the trail.
- (2) The commissioner is authorized to develop effective procedures to assure that, wherever practicable, utility rights-of-way, abandoned railroad corridors, or similar properties having value for trail purposes may be made available for such use; however, the commissioner shall take into consideration the rights of adjacent property owners in the development of any such procedures. Other departments of state government having jurisdiction, control over, or information concerning the use, abandonment, or disposition of rights-of-way, railroad corridors, and similar properties that may be suitable for trail purposes shall cooperate with the commissioner in the transfer of these rights for trail use. These procedures shall include, at a minimum, that, for every railroad corridor that is the subject of a request for federal authority to discontinue service or for federal regulatory abandonment, the commissioner shall evaluate the potential of converting that corridor into a railtrail. The commissioner shall cause a preliminary review to be completed within thirty (30) days of the publication of the request for federal authority in the Federal Register. The commissioner shall cause a final review to be completed ninety (90) days after the publication of the request for federal authority in the Federal Register. The commissioner shall timely transmit copies of these reviews to the Legislative Research Commission and to the Commonwealth's railtrail development officer as they are completed. If either review indicates the possibility of converting the corridor into a railtrail, the commissioner may participate in the federal proceeding to request that the corridor be railbanked in accordance with federal law or to request the imposition of a public use condition.

SECTION 6. A NEW SECTION OF KRS CHAPTER 174 IS CREATED TO READ AS FOLLOWS:

- (1) The Transportation Cabinet, including any agency or other unit of government attached to the cabinet, shall immediately transmit to the Department of Parks and to the Commonwealth's railtrail development officer in the Department for Local Government any information received from a railroad or other person having an ownership interest in a railroad corridor pertaining to a proposed or pending action or proceeding to obtain federal authority for the regulatory abandonment of that railroad corridor.
- (2) The Transportation Cabinet shall keep a record of railroad lines in the Commonwealth of Kentucky, including both lines that have been abandoned through the federal government's regulatory abandonment process and those where any railroad property interest in the railroad corridor itself has been abandoned under Kentucky law. The cabinet shall annually publish an updated map showing the location and as much information as to the status of these lines as practicable. The record shall include, in as much as possible;
 - (a) A description of the line and its location;
 - (b) The current or last railroad owner of the line;
 - (c) The operator of the line;
 - (d) The addresses and phone numbers for the owners and operators of the lines;
 - (e) Whether the owner of the line has received authority from the Federal Government to discontinue service over the line;
 - (f) Whether the owner of the line has received authority from the Federal Government to abandon the line;
 - (g) Whether the owner of the line has consummated any authority granted by the Federal Government to discontinue service over the line or to abandon the line;
 - (h) Whether the line has been railbanked under either federal or state law; and
 - (i) Any other information the cabinet deems pertinent and useful to the public.

SECTION 7. A NEW SECTION OF KRS CHAPTER 146 IS CREATED TO READ AS FOLLOWS:

The Natural Resources and Environmental Protection Cabinet, including any agency or other unit of government attached to the cabinet, shall immediately transmit to the Department of Parks and to the Commonwealth's railtrail development officer any information received from a railroad or other person having an ownership interest in a railroad corridor pertaining to a proposed or pending action or proceeding to obtain federal authority for the regulatory abandonment of that railroad corridor.

Section 8. KRS 171.381 is amended to read as follows:

- (5) No provision of this section shall be construed as repealing any of the laws of the Commonwealth relating to the preservation, protection, and recognition of historical matters, but shall be held and construed as ancillary and supplemental thereto.
- (6) The council shall receive applications, interview and recommend to the Governor three (3) persons as nominees for appointment as the director of the Heritage Division, Education, Arts, and Humanities Cabinet. The director of the Heritage Division shall be the state historic preservation officer.
- (7) The responsibilities of the state historic preservation officer shall include:
 - (a) Development for the State Historic Preservation Program;
 - (b) Direction of a comprehensive statewide survey of historic properties;

abandonment of that railroad corridor.

SECTION 9. A NEW SECTION OF KRS CHAPTER 276 IS CREATED TO READ AS FOLLOWS:

The Railroad Commission shall immediately transmit to the Department of Parks and to the Commonwealth's railtrail development officer any information received from a railroad or other person having an ownership interest in a railroad corridor pertaining to a proposed or pending action or proceeding to obtain federal authority for the regulatory abandonment of that railroad corridor.

SECTION 10. A NEW SECTION OF KRS CHAPTER 277 IS CREATED TO READ AS FOLLOWS:

Each railroad proposing to discontinue service over or to obtain federal authority for regulatory abandonment of a railroad corridor in the Commonwealth of Kentucky shall, in addition to those notification requirements set out in federal law, notify the Commonwealth's railtrail development officer and the trails coordinator in the Department of Parks that the railroad is attempting to obtain federal authority to do so. Notice to these two entities shall be sent concurrently with any notices, petitions, or other documents sent to the Federal Surface Transportation Board.

SECTION 11. A NEW SECTION OF KRS CHAPTER 278 IS CREATED TO READ AS FOLLOWS:

The Public Service Commission shall immediately transmit to the Department of Parks and to the Commonwealth's railtrail development officer any information received from a railroad or other person having an ownership interest in a railroad corridor pertaining to a proposed or pending action or proceeding to obtain federal authority for the regulatory abandonment of that railroad corridor.

Section 12. KRS 411.190 is amended to read as follows:

(1) As used in this section:

- (a) "Land" means land, roads, water, watercourses, private ways and buildings, structures, and machinery or equipment when attached to the realty.
- (b) "Owner" means the possessor of a fee, reversionary, or easement interest, a tenant, lessee, occupant, or person in control of the premises.
- (c) "Recreational purpose" includes, but is not limited to, any of the following, or any combination thereof: hunting, fishing, swimming, boating, camping, picnicking, hiking, bicycling, horseback riding, pleasure driving, nature study, water skiing, winter sports, and viewing or enjoying historical, archaeological, scenic, or scientific sites.
- (d) "Charge" means the admission price or fee asked in return for invitation or permission to enter or go upon the land but does not include fees for general use permits issued by a government agency for access to public lands if the permits are valid for a period of not less than thirty (30) days.

(2) The purpose of this section is to encourage owners of land to make land and water areas available to the public for recreational purposes by limiting their liability toward persons entering thereon for such purposes.

(3) Except as specifically recognized by or provided in subsection (6) of this section, an owner of land owes no duty of care to keep the premises safe for entry or use by others for recreational purposes, or to give any warning of a dangerous condition, use, structure, or activity on the premises to persons entering for such purposes.

(4) Except as specifically recognized by or provided in subsection (6) of this section, an owner of land who either directly or indirectly invites or permits without charge any person to use the property for recreation purposes does not thereby:

- (a) Extend any assurance that the premises are safe for any purpose.
- (b) Confer upon the person the legal status of an invitee or licensee to whom a duty of care is owed.
- (c) Assume responsibility for or incur liability for any injury to person or property caused by an act or omission of those persons.

(5) Unless otherwise agreed in writing, the provisions of subsections (3) and (4) of this section shall be deemed applicable to the duties and liability of an owner of land leased to the state or any subdivision thereof for recreational purposes.

(6) Nothing in this section limits in any way any liability which otherwise exists:

- (a) For willful or malicious failure to guard or warn against a dangerous condition, use, structure, or activity.
- (b) For injury suffered in any case where the owner of land charges the person or persons who enter or go on the land for the recreational use thereof, except that in the case of land leased to the state or a subdivision thereof, any consideration received by the owner for the lease shall not be deemed a charge within the meaning of this section.

(7) Nothing in this section shall be construed to:

- (a) Create a duty of care or ground of liability for injury to persons or property.
- (b) Relieve any person using the land of another for recreational purposes from any obligation which he may have in the absence of this section to exercise care in his use of the land and in his activities thereon, or from the legal consequences of failure to employ such care.

SECTION 13. A NEW SECTION OF KRS CHAPTER 411 IS CREATED TO READ AS FOLLOWS:

Any person utilizing a railtrail shall be prohibited from straying from the trail onto adjoining private property unless the person has valid permission to do so. A person who violates this duty shall be on legal notice and shall assume the risk that the adjoining land may contain a dangerous condition, use, structure, or activity and shall be prohibited from utilizing the presence of one (1) of these things as the basis or element of a cause of action, including an application of the attractive nuisance doctrine, against an adjoining landowner. However, the provisions of this section shall not apply to a willful or malicious failure to guard or warn against a dangerous condition, use, structure, or activity.

Section 14. The Department for Local Government shall inventory the Commonwealth's active and abandoned rail corridors and, for the abandoned corridors, analyze the suitability of each of those corridors for railtrail conversion. Corridors inventoried shall include both common carrier and private railroads, as well as railroads which may not have been attached to the interstate transportation system. Additionally, corridors over which service has been discontinued as well as corridors potentially subject to abandonment shall be analyzed as abandoned corridors. The department shall further digitize the route of the corridors into a readily available electronic form suitable for use with commercially available geographic information system software, preferably showing the route alongside other topographic features. In conducting the inventory, the department shall, for each corridor, attempt to ascertain the legal ownership status of the corridor and the date rail service over the rail corridor ceased together with the dates of formal abandonment, and make an examination of the physical integrity of the corridor, including the presence or lack of tunnels, bridges, and culverts. The department shall make its report to the Legislative Research Commission and the Rails to Trails Program Task Force created in Section 15 of this Act no later than July 1, 2001. The report shall be provided in both printed and electronic format, together with the underlying data. The department may, through a request for proposals process, contract with a Kentucky public university for the performance of any of the responsibilities imposed upon the department by this section.

Section 15. The Legislative Research Commission shall establish a Rails to Trails Program Task Force. The task force shall be composed of fifteen members, nine of whom shall be members of the Kentucky General Assembly with Senate and House co-chairs appointed by the Legislative Research Commission. The task force shall include among the nine legislative members the Chair of the Senate Economic Development and Labor Committee, and the Chairs of both the House Economic Development Committee and the House Tourism Development and Energy Committee. The remaining six members of the task force shall be:

1. The Governor of the Commonwealth of Kentucky, or his designee;
2. The Commissioner of the Department of Parks, or his designee;
3. The Secretary of the Tourism Cabinet, or his designee;
4. The Commonwealth's railtrail development officer, or his designee;
5. A representative of the Kentucky Rails to Trails Council, to be designated by that organization; and
6. A representative of the Kentucky Farm Bureau, to be designated by that organization.

The task force shall continue to study railtrail issues, with particular emphasis on establishing actual trails within the Commonwealth. The Department for Local Government or the university to whom the assessment contract is awarded under Section 14 of this Act shall, upon request of the task force, update the task force on the progress of the work and allow task force members and staff access to records and meetings connected with the assessment. The task force shall report its findings and recommendations to the Legislative Research Commission by September 15, 2001.

The Committee Substitute to **HB 221** is as follows:

HB 221, AN ACT relating to a Rails to Trails Program.

WHEREAS, the 1998 Kentucky General Assembly directed the Legislative Research Commission to establish a special interim Rails to Trails Task Force to study the feasibility, benefits, and implementation of a strategy for a Rails to Trails Program throughout the Commonwealth; and

WHEREAS, the task force appointed by the Commission has reported its findings to the Commission and the General Assembly; and

WHEREAS, the task force has recommended that a Rails to Trails Program be pursued by the Commonwealth as promoting the health, safety, and welfare of the citizenry;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 147A IS CREATED TO READ AS FOLLOWS:

A Railtrail Development Office is hereby created within the Department for Local Government. The office shall be staffed by at least one (1) full-time professional to be known as the Commonwealth's railtrail development officer who shall have practical experience and training in the process of converting railroad corridors into nonmotorized public use trails. The department shall insure that the office has the necessary expertise to carry out the requirements imposed upon it by this section. Among other railtrail functions and duties which may be assigned to it, the office shall carry on at least the following

responsibilities:

- (1) The office shall monitor the proceedings of the United States Department of Transportation's Surface Transportation Board and shall disseminate to interested entities in Kentucky information regarding those proceedings of interest to railtrail conversion or policy in the Commonwealth. If a railroad applies to the Surface Transportation Board for authority to discontinue service over or abandon a railroad corridor in the Commonwealth, the office shall immediately notify those political subdivisions through which the corridor passes and any interested state agency of the proceedings and the potential for trail development of the corridor. The office may similarly notify any other interested entity of the proceeding. If time is of the essence and it appears that the corridor is a suitable candidate for conversion to a railtrail and that no other railtrail interested entity will be participating in the federal proceeding, the office shall take those steps necessary to cause a railbanking or public use condition to be imposed in the federal proceeding;
- (2) The office shall assist any requesting political subdivision or agency of state government with assistance on any application to the Surface Transportation Board regarding an abandoned or about to be abandoned railroad corridor, including any requests for railbanking or imposition of public use conditions;
- (3) The office shall coordinate and promote railtrail development efforts among the various agencies of state government, including the Department of Parks and the Transportation Cabinet. While this subsection does not confer upon the office any powers beyond those that it may ordinarily possess, every entity of state government shall cooperate with the office to the extent practicable under the circumstances;
- (4) The office shall furnish to requesting political subdivisions assistance in applying to available federal, state, or local funding sources for funds to be used for the process of converting railroad corridors into public use trails;
- (5) The office shall compile and disseminate to requesting parties information regarding various aspects of the process of converting railroad corridors into public use trails;
- (6) The office may apply for federal, state, or private grants or other forms of financial assistance to carry on its mission; and
- (7) The office shall annually transmit to each area development district, local historical society, local chamber of commerce, the Kentucky Association of Counties, and other pertinent local government, business, travel, or recreational organizations an annual report detailing the potential for railtrail development in the Commonwealth and the current status of and future expectations for that development.

SECTION 2. A NEW SECTION OF KRS CHAPTER 147A IS CREATED TO READ AS FOLLOWS:

The Department for Local Government shall develop and distribute by December 31, 2000, with biennial updates thereafter, a booklet on the processes and techniques available to state government and the Commonwealth's political subdivisions for the creation and maintenance of railtrails in the Commonwealth. Upon completion of the booklet and future updates, the department shall distribute without cost that booklet or update to each county and incorporated city government. The booklet shall be made available to any other political subdivision without cost and to the public at its reproduction cost. The booklet shall be written in plain language emphasizing the practical and legal aspects of creating a railtrail, setting out deadlines, procedures, legal authority, funding sources, and the like in a manner designed to assist, from start to finish, a government official who is not an attorney in creating a railtrail. Topics covered in the booklet shall include, but not limited to:

- (1) Federal and state law relating to the creation of a railtrail including not only the process of railbanking but also other means of creating a railtrail where railbanking is no longer an option;
- (2) Potential funding sources at both the federal and state level, listing application procedures and informational contacts as to each funding source;
- (3) Identification of various financing alternatives for the purchase, construction, and maintenance of a railtrail;
- (4) Information on techniques and resources available to meet concerns of adjoining landowners as to the creation and operation of a railtrail so that the trail may be a good neighbor; and
- (5) General information on building and maintaining the railtrail with information on where and how to obtain additional sources of information.

SECTION 3. A NEW SECTION OF KRS CHAPTER 277 IS CREATED TO READ AS FOLLOWS:

- (1) Any organization recognized as exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code, agency of state government, or political subdivision or city of this state holding or acquiring a railroad corridor may preserve the corridor for future railroad use while utilizing the right-of-way in the interim for nonmotorized public recreational use by filing with the Secretary of State a "Declaration of State Railbanking", concurrently serving a copy of the declaration on the Transportation Cabinet. The declaration shall contain the name and address of the filing entity, a textual description and map of the railroad corridor being railbanked, a statement that the entity accepts full responsibility for managing the corridor, for any legal liability arising out of the use of the corridor or, if the entity is immune from suit, that the entity agrees to indemnify the railroad for any liability arising out of the use of the corridor, and for the payment of all taxes which may validly be assessed against the corridor, and a declaration that the property is being railbanked in accordance with the provisions of Kentucky law in that the corridor is held open for future

restoration of rail service and that this section only grants authority for the corridor to be utilized for nonmotorized public recreational use during the interim.

- (2) Any property that is the subject of a declaration of state railbanking, including property held by easement, shall, during the period a declaration of state railbanking remains in force, be deemed to be held for a railroad use and shall not revert to any other form of ownership. Until rail service is restored over the corridor, the declaration of state railbanking shall only authorize the use of the corridor for public, nonmotorized recreational use, with associated infrastructure. However, a declaration of state railbanking shall not preclude any public utility usage of the corridor if that usage is otherwise permitted under other applicable law. For the specific purpose of allowing railbanking under this section, an easement for railroad use shall not be deemed abandoned until the person holding the easement conveys the easement to another person for a nonrailroad use, title to the easement and the underlying estate comes into the hands of the same owner by conveyance, the easement owner files a disclaimer in the office of the county clerk of the county where the property is situated disclaiming all interest in the corridor, or the easement is declared abandoned by judicial decree.
- (3) After property is railbanked under this section, the property shall be held available for purchase by any bona fide purchaser for the restoration of rail service over the property. The following requirements shall apply to any transfer of property in contemplation of the restoration of railroad service:
 - (a) The entity that acquired the right to use the railroad corridor for a railtrail under this section or to whom that right had been subsequently transferred shall be compensated for the fair market value of the corridor together with any improvements erected thereon. Funds received by the entity under this paragraph shall be held in trust for the benefit of the public;
 - (b) All required federal and state permits and authority to reactivate and operate a railroad over the corridor shall be obtained prior to the transfer of the property for the contemplated railroad service restoration;
 - (c) Adequate bond with good surety shall be posted ensuring that the railroad will be constructed, with the bond being used to cover the cost of restoring the corridor to its physical condition prior to transfer of the railbanked corridor for the contemplated railroad service restoration; and
 - (d) The physical infrastructure necessary to operate the railroad, including tracks, ties, frogs, signaling equipment, grade crossings, and the like, shall be in place one (1) year from the date of the transfer. Train service shall be in place and operating two (2) years, from the date of the transfer. If these timelines are not met, the corridor and all associate physical improvements thereon shall automatically forfeit to the ownership of the entity responsible for railbanking the corridor under this section.
- (4) Any person aggrieved by the act of railbanking a railroad corridor under the provisions of this section shall bring their claims within one (1) year after the declaration of state railbanking has been filed with the Kentucky Secretary of State. Any entity against whom a claim is asserted may utilize as an offset or setoff to the amount of any recovery those amounts in state or local taxes, together with interest and penalties, that have not been paid on the value of the property through which the claimant asserts title.
- (5) Any entity which caused a declaration of state railbanking to be filed shall cause the declaration to be vacated on the files of the Secretary of State upon the cessation of use of the corridor as a nonmotorized public use trail or the reactivation of railroad service over the corridor.

SECTION 4. A NEW SECTION OF KRS CHAPTER 277 IS CREATED TO READ AS FOLLOWS:

- (1) It is the public policy of this state to preserve railroad corridors for future railroad use. Toward this end, the Commonwealth recognizes that the salvage of tracks, ties, signaling equipment, ballast, and other items may indicate an intent to maximize return on present investment and not an intent to abandon any underlying easement for railroad or other use and that the obtaining of federal authority to discontinue service over or abandon a corridor does not necessarily indicate an intent to relinquish any property interests under state law. In any civil action to determine the status of a railroad use easement, ambiguity as to intent shall be resolved in favor of continued preservation of the corridor.
- (2) Any holder of a railroad corridor held by easement or otherwise may preserve that corridor by filing with the Secretary of State a "Preliminary Declaration of State Railbanking", concurrently serving a copy of the declaration on the Transportation Cabinet. The declaration shall state the name of the entity holding the corridor, a textual description and map of the land area encompassed by the corridor, and a statement that the entity does not intend to abandon the corridor described in the declaration. The entity filing the declaration may at any later time cause that declaration to be withdrawn from the Secretary of State's files. While a preliminary declaration of state railbanking is on file with the Secretary of State, the corridor set out in the declaration shall not, regardless of the status or conclusion of any federal regulatory proceeding or the salvage of track and other material from the corridor, be deemed abandoned and shall continue to exist under Kentucky law and the property encompassed by the corridor shall not revert to any other form of ownership.

Section 5. KRS 148.690 is amended to read as follows:

- (1) The department shall review all formal declarations of railroad right-of-way abandonments by the Surface Transportation Board or other agency with jurisdiction and may review former railroad corridors for possible inclusion in the state trails system. The commissioner shall, within three (3) years after the route of a trail or trail segment included in the system has been located, determine the boundaries of the right-of-way to be associated with that trail. Such boundaries shall be established in such a manner that they protect the scenic value of the trail.
- (2) The commissioner is authorized to develop effective procedures to assure that, wherever practicable, utility rights-of-way, abandoned railroad corridors, or similar properties having value for trail purposes may be made available for such use; however, the commissioner shall take into consideration the rights of adjacent property owners in the development of any such procedures. Other departments of state government having jurisdiction, control over, or information concerning the use, abandonment, or disposition of rights-of-way, railroad corridors, and similar properties that may be suitable for trail purposes shall cooperate with the commissioner in the transfer of these rights for trail use. These procedures shall include, at a minimum, that, for every railroad corridor that is the subject of a request for federal authority to discontinue service or for federal regulatory abandonment, the commissioner shall evaluate the potential of converting that corridor into a railtrail. The commissioner shall cause a preliminary review to be completed within thirty (30) days of the publication of the request for federal authority in the Federal Register. The commissioner shall cause a final review to be completed ninety (90) days after the publication of the request for federal authority in the Federal Register. The commissioner shall timely transmit copies of these reviews to the Legislative Research Commission and to the Commonwealth's railtrail development officer as they are completed. If either review indicates the possibility of converting the corridor into a railtrail, the commissioner may participate in the federal proceeding to request that the corridor be railbanked in accordance with federal law or to request the imposition of a public use condition.

SECTION 6. A NEW SECTION OF KRS CHAPTER 174 IS CREATED TO READ AS FOLLOWS:
